VOL. 59. NO. 28 VICTORIA, B. C., WEDNESDAY, AUGUST 3, 1921 PRICE FIVE CENTS

HUNGRY MASSES MOVING TOWARD MOSCOW

Government Starts Enquiry Into Civic Financial Problems

Premier and Finance Minister to Spend Month on Probe of Municipal Finance and Taxation in Preparation For Fall Session of House; No Further Conference With Municipalities Now Considered Necessary.

Thorough investigation of municipal financial affairs and taxation problems, in preparation for the Fall session of the Provincial Legislature, has been commenced by Hon. John Oliver and Hon. John Hart, Minister of Finance, Mr. Hart stated to-day.

According to present plans, representatives of British Columbia municipalities will not be called into conference on financial questions before the opening of the Legislature, as was suggested at the Legislature's last session. The investigations which will proceed all this month and the data already collected will serve to provide the Premier and Mr. Hart with all information which they consider necessary in framing legislation for the Fall session, it was explained at the Parliament Buildings to-day.

Announcement that no further conference with representatives of the municipalities would be necessary before the next session of the House was considered of the utmost importance by municipal authorities to-day. The municipalities had planned to prepare at their annual convention in Alberni, at the end of this month, for another conference with the Government on financial questions.

To Work All Month.

Announcement that the Premier and the Minister of Finance had commenced work on municipal financial problems was made in the following statement, which Mr. Hart issued at noon to-day:

"A thorough investigation of the financial and taxation situation as it affects the municipalities of British Columbia was commenced this week by the Premier and Hon. John Hart, Minister of Finance, assisted by officials of the finance and municipal branches and by Professor S. E. Beckett, M. A., assistant Professor of Economics in the University of British Columbia. The ministers intend to devote practically their entire time to this work during the month, and for that reason will be unable to see any callers.

"There has been collected a mass of information of a general nature bearing upon the problems involved and the financial statements received from municipal officials in response to a questionnaire have been

LORDS FORCED TO MISS BOAT RACES

Vote Brought on in British Second Chamber

London, Aug. 3.—(Canadian Associated Press).—Many members of the House of Lords had to forsake the yacht racing at Cowes to assist the Government to resist the motion by a body of peers led by the Marquis of Crewe designed to force an Autumn session of Parliament. The motion embodied an ancient grievance against the Government for throwing so much legislation upon the House of Lords in the closing days of the session. It was only defeated by twenty-five despite a large attendance on the Government side.

This movement on the part of some members of the Upper House meets with sympathy in newspapers not unfriendly to the Government.

Issue.

The Daily Telegraph declares that a plain principle is raised for every citizen who is a believer in the two-chamber system of legislation and who asks himself whether the principles should continue or be openly disregarded, with the inevitable result of progressive weakening of the position of the second chamber.

The Times remarks that a measure of Federal devolution might relieve the growing evil of congestion of public business, but until such a measure is enacted the House of Lords will remain the only bulwark of the country against the practice of hasty and ill-considered legislation.

All Doing It.

The Daily Chronicle, chief Government supporter, says the fact is that while the Lords might have some genuine ground for resenting the practice it is a practice in which all Governments must at present indulge from sheer necessity. The only remedy, it says, is devolution.

SEATTLE NOW HAS A LIONS' CLUB

Seattle, Aug. 3.—With the election of Roy F. Bigelow as president, and the opening of its rolls for charter membership, a Seattle chapter of the International Association of Lions' Clubs took its place with the commercial and civic betterment organizations of Seattle yesterday. The organization meeting, attended by thirty-five Seattle business men, was held at noon.

The Lions' Club is an organization devoted to the encouragement of those ideals in business and in home life most conducive to the general good.

Charles M. Anderson, international field secretary of the organization, came to Seattle to aid in the formation of the club here.

MOTORS CHUG ON ROAD TO MANDALAY

Splendid Macadamized Roads in Burmah, Says Sir Otway Wheeler-Cuffe

Even Burmah has its "good roads" enthusiasts, and although not so numerous as on Vancouver Island and in the Pacific Northwest, they are just as aggressive and equally sincere in their efforts to provide the best in modern communication facilities.

A "good roads" champion from Burmah arrived in Victoria last evening aboard the liner Empress of Japan in the person of Sir Otway Wheeler-Cuffe, a distinguished British engineer, who for many years has been supervising road and bridge construction in Burmah. Sir Otway has been associated with Burmah for the past thirty years, and he is now returning to his Irish home at Kilkenny, and plans to retire into private life.

Extent of Roads.

Sir Otway is accompanied by Lady Wheeler-Cuffe. Burmah has approximately five hundred miles of macadamized roads, it was stated by Sir Otway to a representative of The Times on board the Empress last night, but what roads have been built in that country are well constructed and in excellent shape. Burmah's greatest need, he maintained, is more roads, as good roads are vital to the development of the country's valuable resources. There are railways in Burmah, but in the main they are narrow gauge lines. In such a country, good highways are essential to development.

The department with which Sir Otway has been so long associated comes under the jurisdiction of the British India Office.

(Concluded on page 9.)

MONTREAL TRAMWAY WORKERS TO VOTE

To Express Their Views on Wage Cut

Montreal, Aug. 3.—A referendum vote of the 3,500 members of the Montreal Tramway Employees' Union will be held to-morrow in an effort to ascertain the will of the men as to what action should be taken by their negotiating committee with reference to the deadlock which has developed owing to the inability of the representatives of the parties to come to an understanding in the dispute which has arisen over the proposed cut of twenty per cent. in wages effective on August 10.

Three alternatives will be proposed to the members as follows: To accept a reduction in wages of 12½ per cent., both parties to enter into a contract to remain in effect until January 1.

To accept a reduction of 15 per cent. with a contract to remain in effect until June 30, 1922.

To submit the dispute to a board of arbitration appointed by the Department of Labor.

THOUSANDS HONOR MEMORY OF CARUSO

Throngs in Church and Streets of Naples

Giovanni Martinelli Reported Caruso's Successor

Naples, Aug. 3.—Sorrowing Naples and Italy to-day paid tribute to the memory of Enrico Caruso, the great tenor, who died here early yesterday morning. Thousands gathered at a solemn Requiem Mass celebrated at the Church of Madonna Della Garcia, or stood uncovered along the streets leading to that church while the funeral cortege passed. In the choir which assisted in the impressive ceremonies were many men and women who have played stellar roles on the operatic stage.

At the Bier.

Scenes of extreme pathos were enacted all day yesterday at the Hotel Vesuvius following the death of the man popularly acknowledged to be the premier tenor of his generation. Neapolitans of every class stood in line for many hours to file past the bier of Caruso, which was placed in the room where he had died. From time to time the silent procession would pause while some man or woman would kneel for a moment beside the body and offer prayer.

Statement to Son.

The master singer, who had for nearly a quarter of a century enacted roles in which death was an unseen player, apparently was cognizant of his critical condition following his sudden illness on Monday. Just before he sank into the coma which was the prelude to the end he said to his son Rodolfo: "I feel very ill. This time it will be difficult to escape."

Newspapers of this city, in telling of the death of Caruso, quote one of the attending physicians as saying: "I and my colleagues believe Caruso never fully recovered from his illness in New York last Winter. His long illness of pleurisy weakened his resistance."

According to estimates in the newspapers, Caruso left a fortune of about 30,000,000 lire. At the normal value of the lire this would be about $6,000,000.

Successor.

London, Aug. 3.—A Milan dispatch to The Daily News to-day says it is authoritatively stated that Giovanni Martinelli will succeed Enrico Caruso as the leading tenor at the Metropolitan Opera House in New York.

HOMELESS PERSONS IN COLORADO TOWN

River Flood Caused Damage of $200,000

Canon City, Col., Aug. 3.—Flood waters of the Arkansas River which swept down upon South Canon, a suburb, and the lower part of this city yesterday had disappeared to-day, leaving nearly a score of families homeless and causing damage unofficially estimated at more than $200,000.

Canon City was isolated from communication with the outside world except for one telephone line to Denver. Railroad tracks for miles around were washed out, and officials do not expect resumption of normal service for several days.

Except for a small supply of water in a local reservoir there is no drinking water in the city to-day, the flood waters having torn out all conduits.

PEKING-SHANGHAI AEROPLANE SERVICE IS ESTABLISHED

Peking, Aug. 3.—Aeroplane flights from Peking to Shanghai with several stops en route, to accommodate passenger and mail traffic, have been planned to begin this month, following the successful inauguration recently of a tri-weekly air postal and passenger service between Peking and Tsinanfu, in Shantung province.

BRIDGE PLANS APPROVED

"The Railway Board has approved the Johnson Street Bridge plans. Recommendation to Council concerning deed not yet signed, Minister being out of town, but Deputy Minister promises to lose no time."

The above is the telegraphic message received by City Solicitor H. S. Pringle from the city's legal representatives in Ottawa this morning.

Work on the bridge has been proceeding as it was tacitly understood the plans would be approved. Alderman Sargent has been in Ottawa on this subject in consultation with Hon. S. F. Tolmie, the city's representative.

Sinn Feiners Ask Ulster To Agree to New Plan

Dublin, Aug. 3.—The sole reason for the delay in the Sinn Fein's reply to the Government's Irish peace proposals, it is authoritatively stated, is the attempt being made to secure the adhesion of Ulster to the peace plan before resuming the negotiations with Premier Lloyd George, so he could be met by a united Ireland.

Every effort is being made behind the scenes, it is declared, to induce Ulster to accept a share in the powerful body which it is planned to make the All-Ireland Parliament, while retaining her own local autonomy.

So far these efforts, although benevolently regarded by the Government, have been unsuccessful.

GAME DECLARED PLENTIFUL IN NORTHERN B. C.

Prince Rupert, Aug. 3.—Moose, mule-deer and grouse are very plentiful in North Central British Columbia, Dr. A. R. Baker, chairman of the Game Conservation Board, stated on his arrival here after an extended trip through the district. Issuance of permits to fur traders and agents of the Board to buy beaver pelts from the Indians has been authorized.

MEASURES TAKEN AGAINST UPRISING IN PORTUGAL

Madrid, Aug. 3.—Signs that a revolution is being fomented in Portugal have been observed and measures taken to combat it should it come into being, says a dispatch received here from Vigo, on the Portuguese border, to-day. Several regiments of the army and a portion of the navy are said to be involved in the revolutionary plans.

Counsel Here to Appeal Judgment of Supreme Court in Beer Case

Sir Charles H. Tupper, with H. D. Twigg, attended in the Court of Appeal this morning, it being understood that an application for leave to appeal from the decision of Mr. Justice Macdonald in Vancouver yesterday dismissed the application for a writ of prohibition in the Army and Navy Veterans' (Victoria Unit) beer selling prosecution would be taken.

In the absence of E. C. Mayers, counsel for the crown, the application was not made this morning.

The application for appeal will probably be taken at the resumed hearing of the court of appeal this afternoon.

The action of the plaintiff is one to remove the charge against the Army and Navy Veterans of Canada, Victoria Unit, from the jurisdiction of the police magistrate in the lower court here. The Veterans' Association is charged with selling and took proceedings to secure a writ of prohibition before Mr. Justice Macdonald in the Supreme Court in Vancouver.

His Lordship decided the statute valid, upholding its constitutionality on the ground that is is of a "local or private nature" which by Section 92 of the British North America Act is allocated as a portion of the field for provincial legislation.

Stating that the Victoria branch of the Army and Navy Veterans' Association applied for a writ of prohibition to prevent the Victoria police magistrate from further proceeding with trial of a charge that the applicant "not being a Government vendor did unlawfully sell liquor known and described as beer contrary to the Government Liquor Act, the judgment says in part:

"Counsel opposing the application contends that aside from the question of validity of the act the writ could not be granted, as a portion of the description of the offence, alleged in the information, might be considered surplusage, and in any event, if the act were held to be invalid, the British Columbia Prohibition Act would cease to be repealed and, upon its revival, the applicant might, by proper amendment, be brought within its provision.

"Even if such result ensued, I do not think this contention should prevail, as the section under which the information was laid deals with any kind of beer, irrespective of it containing any percentage of alcohol or being simply what is called 'near beer' and there was no similar section in such Prohibition Act. Further, redress is sought upon defects claimed to now exist upon the face of the proceedings and, if this is a good objection, then the application should not be affected by the prospect of any change being made in the future. The proper procedure has been pursued, where such a defect appears and the issuance of a writ of prohibition would in that event be as of right and not simply discretionary.

Sixteen Classes.

"Section 92 of the British North America Act enumerates sixteen different classes of subjects, con-

(Concluded on page 13.)

TO REMOVE CAR TRACKS IN DETROIT

Company to Vacate Two Streets; City Lines

Detroit, Aug. 3.—The City Council last night passed an ordinance requiring the Detroit United Railway to remove its tracks and cease street car service on Woodward Avenue and Fort Street within ninety days. The company has been operating on these thoroughfares under a day-to-day agreement, its franchise having expired.

Passage of the ordinance followed the company's refusal to sell the lines for $388,000. Mayor Couzens announced that as fast as the company's property is removed, the lines will be rebuilt as a part of the municipal street railway system.

CANNERY IN ALASKA BURNED; LOSS $300,000

Seattle, Aug. 3.—The Libby, McNeil & Libby salmon cannery at Kenai, Alaska, was destroyed by fire last week with an estimated loss of $300,000, according to advices received here to-day.

A MONTREAL DEATH.

Montreal, Aug. 3.—William Tilston, forty-four, transportation manager of the Board of Trade, died of hernia at a local hospital last night following two operations.

NO RUSSIAN-FRENCH DEBT DISCUSSION

Reports About Negotiations Are Given Denial

Paris, Aug. 3.—Reports that negotiations for recognition of the Russian debt to France were impending, which have been in circulation for several days, were given official denial to-day.

The denial seems to have been prompted by a statement, declared to be from reliable sources, printed here this morning that such negotiations had been begun last night by Louis Loucher, French Minister of Liberated Regions, and Leonid Krassin, Russian Minister of Trade and Commerce.

Before the collapse of the Czarist regime in Russia that Government had contracted a debt to France approximating $5,000,000,000. When the Soviet administration of Russia was established the Bolsheviki refused to acknowledge this debt and to this fact has been attributed the refusal of France to enter into any negotiations with representatives of the Bolsheviki or to arrange a trade agreement such as was recently entered into by Great Britain and Soviet Russia.

BIG FOREST FIRE EAST OF ASHCROFT

Men Fighting It Since Monday Morning

Ashcroft, B. C. Aug. 3.—A huge forest fire, said to have a six-mile frontage, is raging in the jackpine timber on the mountains east of Ashcroft. Some dozen fire fighters have been engaged in combatting the blaze since Monday morning.

The origin of the fire is not known. The fact that it broke out during a very hot and dry spell might lead to the theory that friction or lightning had been the cause. A very severe thunder and lightning storm took place in this vicinity a few days ago.

No information has reached Ashcroft from the fire fighting crew as to what progress is being made in checking the flames, or as to what damage is being done to property other than the forest.

The fire is just north of the Highland Valley district, where copper mines are located, and if not checked may spread into that valley.

NEGRO PRISONER WAS LYNCHED

Petersburg, Va., Aug. 3.—One of two negroes arrested last night in connection with the murder of Tingley Elmore, postmaster and storekeeper of Tobacco, Va., Monday, was taken from the Brunswick county jail at Lawrenceville to-day by a mob and lynched. The other negro was not molested.

REPORT ON CROPS ISSUED AT OTTAWA

Yield in Canada Will Not Be Uniform

British Columbia Crops Described as Good

Ottawa, Aug. 3.—(Canadian Press).—Rust and the wheat stem sawfly have caused considerable damage in some sections of the prairie wheat fields, according to reports on crop conditions at the end of July. In some sections the anticipated yield has shrunk considerably owing to hot, dry weather, but in other sections late rains have ensured a heavy yield. Crops will not be uniform, some sections having a bumper yield and others a disappointing one. The harvest is unprecedently early owing to the warm and in some places very dry weather during July.

Details.

The following report on conditions was issued eo-day, secured from the various Provincial Departments, by the Dominion Department of Agriculture.

British Columbia—Haying is almost over, with fine weather during the month; crop was harvested in excellent condition; average yield will be much heavier than last year. Second crop of alfalfa now being cut. The cutting of Fall grains has started in some districts and in all cases the crops are very good. Small fruit crop practically harvested, the yield being heaviest on record.

Prairies.

Alberta—Weather not extreme and all grain crops have long heads and every prospect for good yield. Hay all cut and yield less than a ton an acre. Early barley cutting just started.

Saskatchewan—Crops badly in need of rain generally; very hot weather past week causing serious shrinkage in yields; however, heavy rain in Saskatoon district, Regina and intermediate points may change conditions materially. Wheat cutting started August 1 in some districts. Black rust has developed in heavy fields and will reduce yield.

Manitoba.

Manitoba—July warm and in some places very dry; harvest unusually early. Wheat cutting well under way; yield considerably reduced by drought, but some crops excellent and some patchy; more hail than usual; some rust but not very bad; western wheat stem sawfly prevalent.

Ontario—Harvest unusually early. Hay, light crop. Some cut after wheat and barley. Second cut alfalfa good. Fall wheat fair; yield and weight spring grains light. Oats, now cutting; only medium. Corn very promising.

VILLAGE MARSHAL ARRESTED BRYAN AND LOSES JOB

Waugegan, Ill., Aug. 3.—L. B. Condon, village marshal of Antioch, who arrested William Jennings Bryan last week, has been discharged. Bryan was making a dash in an automobile to deliver an address when Condon stopped him. Condon claimed he never had heard of Bryan and never had heard of grape juice. He was discharged yesterday by Frank King, village president, after motorists had complained Condon was a "highwayman" in a marshal's garb.

20,000 OIL MEN IN CALIFORNIA MAY BE IDLE

San Francisco, Aug. 3.—A strike involving 20,000 workers in California oil fields may become effective September 1. The district council of oil workers representing the workers in session here appealed to President Harding, Secretary of the Navy Denby, Secretary of Commerce Hoover and Secretary of Labor Davis to use their good offices to bring about a conference with the operators to prevent a split. The operators have announced wage cuts.

THREE KILLED.

Paterson, N. J., Aug. 3.—Three men were killed and several seriously injured last night when a drying machine burst in the plant of the Standard Silk Dyeing Company.

Russians Travel In Search of Food and Burn Their Villages

Many Hamlets Reported In Flames; Field Guns Placed Around Moscow and Trenches Dug As Starving Peasants Move In Its Direction.

London, Aug. 3.—Hunger-stricken people in the famine districts of Russia are setting fire to their villages before deserting them for other parts of Russia, according to a Helsingfors dispatch to the Central News Agency to-day, which quotes persistent reports said to have been received to-day from the interior of Russia. Many villages are said to be in flames.

From the same source it was reported that great preparations were being made to deal with the masses of peasants now moving toward Moscow. Many trenches had been dug about the city and much war material, including field guns, had been installed, the reports said.

Other telegrams received at Helsingfors reported that the Petrograd garrison had mutinied again.

Committee.

Riga, Aug. 3.—An international committee has been organized here to render relief to the starving people of Russia. This committee, with the International Red Cross organization in Riga, which is looking after the transport to Russia of former war prisoners, will maintain relations with regard to relief work between Moscow and Western Europe, it is announced. A conference is to be held by all the great international and national benevolent organizations in this connection, the announcement states.

Decay.

Washington, Aug. 3.—General decadence of agriculture, decay of transportation and a decrease of industry in general of over ninety per cent. of the pre-war output are held responsible by Secretary Herbert Hoover for the food shortage in Russia.

The most acute famine area, he said in a statement describing the economic situation there, covers the Volga Valley, from the Caspian Sea northward. The drought there, he added, would not be so fatal were it not for the reduction in the surplus crops in other regions and the difficulties of moving such surpluses as do exist. He cited reports showing the reduction of acreage under cultivation, varying from 100 per cent. in the province of Kazan to only 58 per cent. in Samara, of the acreage cultivated last Spring.

Steady Decline.

"Over-riding such local situations, there has been a steady decline in agricultural production," Mr. Hoover said, "since the revolution, owing to the lack of incentive to farmers to provide for more than their own needs, to the shortage of seed and the shortage of implements. The urban population has produced little goods to offer in exchange and the currency depreciation through the increase of currency issues to over 1,000,000,000 rubles has rendered their accumulation no attraction. Russia, before even last year's harvest, declined from a state producing from 6,000,000 to 10,000,000 tons of food for export to a condition where there was such an insufficient supply of food for the cities that the urban population has been reduced by about one-half."

Bolshevik Statement.

London, Aug. 3.—Famine conditions in the Volga provinces of Russia are very serious, George Tchitcherin, Bolshivik Minister of Foreign Affairs, declared in a wireless dispatch to Vienna, says The Daily Herald. The Minister, however, is said to have declared "that the foreign capitalistic press is wildly exaggerating the facts to suit its own purpose."

"There is great misery in the stricken districts," the newspaper quotes the dispatch as saying, "but some of the frightful tales spread throughout Western Europe come from the imagination of journalists and should be received with reserve."

Released.

Riga, Aug. 3.—American prisoners in Russia already have been released from the confinement, according to unofficial reports at the Bolshevik Legation press bureau here to-day, but there was no word as to the number released or to whom, how or where they will be delivered across the border.

LEAGUE IN U. S. FIGHTS TOBACCO PROHIBITION

New York, Aug. 3. — The Smokers' League Against Tobacco Prohibition, Inc., has been granted a charter by Supreme Court Justice Martin. The league plans to "establish and conserve the right of the citizens of the United States of America to the use of tobacco."

FIVE YOUNG MEN SENTENCED TO ATTEND CHURCH

Washington, North Carolina, Aug. 3—Five young men of this city are under sentence to attend church regularly for one year. They were convicted of stealing automobile supplies and were given the choice of going to the county roads for one year or attending church regularly for the same length of time.

WEALTHY MEN TO BE ARRESTED

Eastern United States Rum Running Cases

New York, Aug. 3.—Arrest of several wealthy and prominent men on charges of conspiracy to violate the federal prohibition law was promised by federal authorities here to-day as a sequel to the capture of the schooner Henry Marshall off the Atlantic City shore Monday night with a cargo of liquor on board.

Members of the crew, it was intimated, had given the authorities important "leads" concerning the financial sponsors of the Marshall and other rum runners which are said to have run between the Bahama Islands and the United States coastal three-mile limit.

The mate of the Marshall escaped in a swift motorboat, leaving four members of the crew on board.

TO ORGANIZE TO-NIGHT

As an aftermath of the recent upheaval in the Victoria High School, a number of the parents have realized the necessity of a branch of the Parent-Teachers' Association being formed in connection with the school. The formal organization will take place to-night at 8 o'clock in the High School auditorium. The gathering will be addressed by George H. Deane, the recently-appointed Municipal Inspector.

Empire Premiers' Report To Be Made Public Soon

London, Aug. 3.—(Canadian Associated Press)—The conference of Prime Ministers of the Empire continued to-day and it is expected the work of preparing the official report of the conference proceedings will be completed shortly. Friday next, it is understood, will see the end of the conference.

It is understood that the conference yesterday made an endeavor to arrive at a compromise on the resolution regarding rights of natives of India domiciled in other Dominions of the Empire. The discussion of the subject is to be continued to-day.

Airships.

London, Aug. 3.—(Canadian Associated Press) — The Manchester Guardian says it understands that the Dominion Prime Ministers stated at the Empire conference that they must consult their respective Parliaments before agreeing to commit their Governments to anything definite in connection with the proposed Empire scheme of aerial services, which would necessitate increased expenditures. They are, however, in principle in favor of trying to save and turn to practical account the knowledge and experience gained in the air during the late war and if a joint contribution is necessary they indicated they might recommend something be done toward keeping things going.

FUNDS TO RELIEVE UNEMPLOYED IN CITY OF HALIFAX

Halifax, Aug. 3.—Funds toward the relief of the unemployment situation in this city will be raised, it is hoped, by popular subscription. Mayor Parker announced to-day that he had issued to social service workers cheques chargeable to his personal account of a sufficient amount to cover immediately any cases of actual want among the unemployed, but expressed the hope that a public fund would be raised to look after the matter.

RICHIBUCTO, N.B., FIRE CAUSED LOSS OF $500,000

Moncton, N. B., Aug. 3.—Thirty-eight buildings were destroyed in the fire in Richibucto yesterday. The total damage done is estimated at $500,000, mostly insured. The largest losers are Richard O'Leary, whose general store, office and warehouse worth $200,000 were entirely consumed, and the Loggie Company's lobster factory, valued at $150,000, which was destroyed.

ZINOVIEFF NOT AIDING SOVIET

London, Aug. 3.—Confirmation of recent reports that G. Zinovieff, Governor of Petrograd, had severed relations with the Soviet Government was given in the House of Commons yesterday by Major Sir Philip Lloyd Graeme, Parliamentary Secretary of the Board of Trade.

In answer to a question regarding Russia, Sir Philip remarked that Zinovieff "has ceased to be a member of the Soviet Government."

Early in July advices from Moscow stated that he had been unanimously elected chairman of the exective committe of the Third Internationale.

EXCHANGE RATE

Ottawa, Aug. 3.—(Canadian Press)—In accordance with the judgment and order of the Board of Railway Commissioners, dated January 14, 1921, the rate of exchange in connection with shipments of foreign freight between points in Canada and the United States from August 1 to 14, inclusive, will be 12½ per cent. The surcharge on international freight shipments will be seven per cent. The rate of surcharge on international passenger business will be based on twelve per cent. exchange.

Cleansing Healing Fragrant

BEST for BABY BEST for YOU

AMERICAN LIQUOR IMPORTS INCREASE

Washington, Aug. 3.—Intoxicating beverages imported into the United States during the 1920-1921 fiscal year were valued at more than $5,000,000, as compared with about $500,000 in the previous year, amounting to more than 2,000,000 gallons, as compared with 28,000 in 1919-1920.

Whisky came in larger quantities in the past year, with a total of 195,000 gallons, as compared with 32,000 gallons in 1919-1920.

Great Britain shipped in most of the whisky, France practically all of the champagne, and Spain the greater part of the other wines.

MASSEY-HARRIS WORKS ARE CLOSED

Toronto Plant to Reopen When Conditions Permit

Toronto, Aug. 3.—Thomas Bradshaw, of the Massey-Harris Company, in a statement issued to-day, announced the closing of the works, which will be reopened as soon as conditions permit. The statement declared that the company has been greatly affected by the sudden and heavy drop in the value of farm produce.

"Wages must come down," said the statement, "but great hardships would be caused by too sudden a drop, and we think the consumer should recognize this and give labor time to adjust itself to new conditions."

The company is reported to have been decreasing its staff, but the definite closing of the works means lack of employment for over 1,000 workers.

AVERAGE CROP ON THE PRAIRIES NOW PREDICTED

Winnipeg, Aug. 3.—The prairies will produce this season a grain crop as good as the average, or perhaps slightly better, according to a Canadian Pacific Railway crop report, issued yesterday afternoon. On the whole, it is said, crops are better in the Northern parts of the provinces than in the Southern districts.

The last week has been somewhat more favorable from the weather standpoint, with rains more or less general. Hail has destroyed many good crops, yet on the whole the damage from this source is said to have not been abnormal. Red and black rust are reported in many localities, but the damage is not extensive.

Earlier expectation of a bumper crop in Manitoba will not materialize, but present expectations point to an average yield, it is stated.

F. B. Auld, Deputy Minister of Agriculture of Saskatchewan, is quoted as stating that rains have freshened everything, but that officials cannot endorse reports of a large crop in that province.

In Alberta, general rains benefited particularly the Southern districts, and much grain that was badly burned is likely to survive. In central and northern areas crops continue to do well. Wheat cutting will be general in most districts within another week or ten days.

NO ELECTION IN QUEBEC PLANNED

Montreal, Aug. 3.—Hon. L. A. Tashereau, Premier of Quebec, stated to-day that there was no present idea of having a general provincial election and pointed out that as the present Quebec House was elected in 1919, it had two years more to run.

He further intimated that it was not the present intention of the Government to hold a session of the Legislature this Fall.

DAIRY OWNER GETS OVER HER TROUBLE

Mrs. Fleming, of New Westminster, B.C., Had Suffered For Eight Years

"Taniac restorted me to health a year ago and ever since then I have been in the best of condition," said Mrs. A. J. Fleming, New Westminster, B. C., who owns and conducts a successful dairy.

"I know what suffering is because I had stomach trouble for ieght years in a bad form. Nothing I ate agreed with me apparently, and often when a spell of indigestion would come on I would have to fight for my breath as long as two hours at a time. I got to the place where even the sight of food was dirtasteful to me. My back hurt me so had at times I could scarcely walk, to say nothing of looking after my dairy. The fact is I was almost a complete nervous and physical wreck, and was very much alarmed about my condition.

"I took Taniac on the advice of the druggist, and it has done for me just what he said it would do. It began building me up right from the start, overcome my stomach trouble and now I eat anything I want and never have the slightest distress afterwards. It has done more than that, however, as it has made me feel fine and full of life and energy. Nobody could want to eat, sleep, or feel any better than I do now. Taniac is certainly a grand medicine, and I never expect to be without it."

Taniac is sold in Victoria by Duncan E. Campbell and leading druggists everywhere.

CONSTABLE PROTECTS OREGON CHINESE

The Dalles, Ore., Aug. 3.—More than fifty Chinese, members of both the Hop Sing and Suey tongs, have come to The Dalles during the last several days seeking refuge, they said, from the bullets of their more bloodthirsty countrymen. The Chinese have raised a fund from which they are paying the salary of a special police officer to protect them from Chinese gunmen. The special officer was appointed by the Mayor at the request of the Chinese.

DEBT OF UNITED STATES.

Washington, Aug. 3.—A decrease of $206,000,000 in the public debt during July was announced yesterday by the Treasury. The total gross debt July 31 stood at $23,771,000,000, compared with $23,977,000,000 June 30.

VICTORIA ELECTION IN AUSTRALIA

Melbourne, Aug. 2.—August 30 has been set as the date for the Victoria state general election. Dissolution followed defeat of the Government of Mr. Lawson when it failed to pass its compulsory wheat legislation.

The Legislative Assembly is made up of 65 single seat constituencies, with a total adult vote of 816,172. There is an upper house somewhat similar to the Canadian Senate, but elective, consisting of 34 members, being two members each from the 17 provinces of the state. Half of these retire every third year, being elected for a six-year term.

TRADE COMMISSIONER.

Montreal, Aug. 3.—G. T. Milne, at present in Johannesburg, will succeed Captain E. J. Edwards, senior British Trade Commissioner in Canada and Newfoundland.

NEW BOARD FOR CANTEEN FUND

Ottawa Government Will Make Changes

Winnipeg, Aug. 3.—That the Government of Canada would consider the composition of the board that would administer the balance of the overseas canteen fund allocated to Canada with a view to all veterans' organizations being represented upon it, was the effect of a statement made last night by Dr. M. R. Blake, M. P. for North Winnipeg, at a meeting of veterans called to discuss the question.

Dr. Blake's view was that the $2,000,000 should be invested and the interest used to relieve distress in the first instance. Later the interest could be utilized for the creation of annuities. He strongly disapproved of the money being dissipated by grants to individual organizations. The fund, he declared, should be administered in a national spirit for the benefit of all veterans and their dependents who required help.

MAKES DECISION ON DANUBE CRAFT

W. D. Hines Makes Ruling Under Peace Treaty

Paris, Aug. 3.—(Associated Press) Walter D. Hines, American arbitrator of the ownership of German vessels on the Danube, in making his decision on Danube shipping under the peace treaty, suggested unofficially how the Balkan States can increase traffic on the Danube by 200,000 tons barge capacity annually without new capital, by saving four days in time of loading and unloading on the frontiers and eliminating unnecessary stops.

The point most strongly contested was whether privately owned boats were immune from confiscation under international law. The arbitrator decided nearly all the boats had been operated for military purposes by the Austro-Hungarian War Ministry, and therefore he upheld the validity of the seizures and confirmed the ownership of the vessels by Jugo-Slavia, Roumania and France.

LABOR RESEARCH BUREAU PLANNED

Winnipeg, Aug. 3.—Formation of a labor research bureau, with a Dominion-wide field of operations, to gather and tabulate data concerning wages, hours of work, cost of production, living costs, methods of finance and kindred matters useful in labor disputes will be recommended to the Dominion Trades and Labor Congress by way of a resolution to be submitted by the Winnipeg Trades and Labor Council, it was resolved at a meeting last night.

LIQUOR BILL APPROVED BY THE BRITISH HOUSE

London, Aug. 3.—(Canadian Associated Press)—After an all-night sitting the House of Commons gave third reading to the much discussed licensing bill regulating the sale of intoxicating liquors in England and Scotland. A new clause was added providing that certain liquor not containing more than two per cent. of proof spirits should not be treated as intoxicating, if any excise license was not required for its sale. The Attorney-General did not object to this clause. He gave it as his opinion that the making of light beers should be encouraged.

Despite considerable opposition an amendment was passed fixing the number of hours for the sale of intoxicants under the bill at eight, outside of the city of London.

ORDER MAINTAINED IN PORTUGAL

London, Aug. 3.—A Reuter dispatch filed in Madrid yesterday states that following rumors from Vigo that a revolution had broken out in Lisbon, a telegram received direct from the Portuguese capital said extensive precautionary measures had been taken in that city. Troops had been brought in from the provinces, the dispatch added, but all was quiet in Lisbon and throughout the country. The troops in Lisbon were said to be confined to their barracks.

Winnipeg, Aug. 3.—Sunday school periodicals of the Methodist and Presbyterian churches will be merged at an early date, according to announcement by Rev. Frank Langford, Toronto, at a meeting of religious educational workers of the Methodist Church here yesterday afternoon. The change, he said, is one of the church union developments.

UKRAINIANS SELL FOOD TO POLES

Russian Soviets Trying to Stop Movement

London, Aug. 2.—Surprising as it may seem in view of the famine in Russia, it is stated authoritatively that considerable quantities of food, corn and cattle are still entering Poland from the Ukraine, according to a Warsaw dispatch to The Times to-day.

Soviet authorities are vainly attempting to check this outflow, according to the dispatch, and manufactured goods are being bartered in return for these supplies. Russians are declared to be paying gold for goods particularly desired.

HONOLULU HAS GOOD NEWSPAPERS

Though Hawaiian Islands Are Isolated, Cable and Wireless Services Available

Honolulu, Territory of Hawaii Aug. 3.—Journalists from forty countries who are coming to Honolulu in October to attend the sessions of the Press Congress of the World, will find in Hawaii newspapers of a metropolitan aspect, for, isolated as the islands are, thousands of miles from a continental shore, the travelers and residents demand the highest form of journalism, and, in return, the newspapers furnish their readers, morning and afternoon, with the news of the world as well as that of the islands.

Wireless and cable service through news agencies and special correspondents, augmented by the navy department, which operates a large radio plant here, give the world's news every day. As much as New York, or Chicago or San Francisco, London or Sydney, Paris or Hongkong, Rome or Tokio, publish the world's news, so does Hawaii. It is modern—a far jump from the day of the first tiny printing press set up in Hawaii more than 100 years ago following its long voyage from Boston around Cape Horn to Honolulu in the little brig Thaddeus.

The Press Congress seeks to extend acquaintance. Hawaii will assemble the writers of Pan-Pacific countries to meet the Congress representatives, and that acquaintance will at once be extended. There will be a wide range of discussion about journalism, the promotion of news communication, dissemination of helpful ideas in journalism, the elevation of journalistic standards, and generally there will be an enlargement of the profession of journalism.

MOTORCYCLE KILLED BOYS

Toronto, Aug. 3.—Harold Farmer and Percy Weynes, both twelve years old, were killed in a motor accident in which a motorcycle driven by Ernest Hawthorne crashed with terrific force into a motorcar. The boys, along with two others, were in the side car of the motorcycle and the impact threw them to the pavement. Hawthorne was arrested on a charge of manslaughter.

According to the police department, the motorcycle with the side car was traveling at a terrific rate. Hawthorne and the other two boys escaped with slight injuries.

ENCKE'S COMET

Toronto, Aug. 3.—Encke's Comet has sent out advance notices of its approach to the earth. Harvard University Observatory announced last night that it had received a cablegram from the national observatory in Cordoba, Argentina, stating the visitor had been seen on July 23.

Encke's Comet, discovered in 1819, visits this solar system every three and a half years, but never comes near enough to be seen by the naked eye.

Questioned on the expected arrival of Encke's Comet yesterday, Dr. Young of the Dominion Astrophysical Observatory told The Times that this is a periodical visitor, and that it is unique for two facts, the first it has the shortest established period of any known comet, and the other that it was instrumental in proving during astrophysical discussions that observation corresponds with the dictates of theory, with the only error being that of the individual in observation. In a word it was Encke's comet that made astronomical theory thoroughly acceptable as a basis for reasoning in respect to observations.

It was sentence day in the City Court. A man in the prisoner's pen who had been sentenced to two years for larceny, began to cry softly. The big man next to him, who was going to serve seven years for bigamy, said —"Aw, wotcher sniffin' about?" "I'm —I'm—th-th-thinkin' about leavin' (sob) my—my—family. Lea-leavin' my wife—" "Aw, cut it out! Look at me, I ain't cryin', am I? An' I'm leavin' two of 'em."

The New Fall Styles in SUITS AND COATS

You are naturally interested in what is new and authentic in apparel styled for Fall and Winter wear.

We are interested that you should know the trend of fashion for the coming seasons, the fabrics most in vogue and the coloring which have met the approval of constructive critics.

You will undoubtedly be greatly interested in the advance Fall Suit and Coat styles now on display in our showrooms which we introduce for the first time.

The low prices will also be of supreme interest to those who are economically inclined.

AUTO CLUB RUN TO BRENTWOOD HOTEL

Victoria Automobile Club Holds General Meeting; Want Better Ferry Service

The next country run by the Victoria Automobile Club will be held to Brentwood, the members decide at a meeting held last night in 313 Pemberton Building, with President Norman A. Yarrow in the chair. The club run will be held on Wednesday, August 10, and Secretary R. R. Webb as been authorized to make all arrangements. Some time ago an invitation was received from Mrs. Hiscock, manageress of the Brentwood Hotel, to hold the outing there.

The club is affiliated with the Good Roads League of British Columbia, which will hold its convention in Port Alberni at the end of this month, and the directors of the club were authorized to select delegates to attend.

The directors were also authorized to take up the question of securing for campers a suitable automobile camping site which will be handy enough to prove an attraction for Victoria.

The directors will also appoint a committee to draft recommendations from the club to be presented at the Good Roads Convention.

Better motor car ferrying facilities between Vancouver Island an mainland points was discussed, and it was decided that the club would do all in its power to secure accommodation for a larger number of cars, as it is felt that the lack of this feature is responsible for holding back a large number of tourists who would readily visit Vancouver Island if it were made easier to get over with their cars without delay.

The growth of the club's membership was favorably commented on, and all local motorists are invited to join the club. This may be done by telephoning the secretary at 3209 or by calling at the club offices, Pemberton Building. Meantime members of the club will also solicit their friends to join.

FIFTY LOCAL ELKS TO GO TO CALGARY

Victoria Will Be Largely Represented at Convention

Victoria is to be represented at the Grand Lodge convention of the Canadian B. P. O. Elks, scheduled for the middle of the month at Calgary by a party of about fifty, each member constituting himself a publicity agent for this city. Literature of all kinds will be carried by local Elks and no efforts spared to bring the grand lodge convention for 1922 to Victoria.

The convention this year is expected to surpass in attendance and importance any previously held. Fully 2,000 Elks from Sydney, C. B. to Sidney, B. C., have signified their intention of being present.

Special Elk trains will be run from eastern points to the Alberta metropolis, picking up delegates and their families en route. Plans are now under way to run a special train from Vancouver to take care of delegates from Nanaimo, Victoria, New Westminster, Vancouver and other Lower Mainland lodges. Vancouver Elks will be accompanied by the Elks Band in that city, who will compete with eastern Elk Bands for the Morris Cup, donated by Grand Exalter Ruler Joseph F. Morris, of Vancouver, for the best band organization in the Order.

While Victoria Lodge does not yet boast of a band, it numbers among its members, material for a crack organization and contemplates lifting the trophy next year.

One of the features of the convention will be a community sing competition, each lodge composing songs about its own city. Victoria, led by the well known basso, William Galt, is conceded the best chance of winning this competition. When Mr. Galt became secretary of the local lodge in July, 1919, he immediately set about developing the vocal talent in the 150 members of the lodge at that time, and as the local Elks multiplied until they numbered 600, Mr. Galt's initial efforts bore fruit, the club, to-day boasting in its membership some of the best musical talent of the city. This talent will be in full force at Calgary.

On Wednesday, August 17, the various herds of Elk will be guests at a barbecue at Calgary. This will be followed in the evening by a boxing exhibition of three ten-round bouts, between Freddie Welsh, ex-lightweight champion of the world and Bert Forbes, Seattle; Harry Anderson, Vancouver, and Bud Miller, Calgary, and Al Ross, Calgary, and Young Fox, of Drumheller. The delegates will leave for their homes on the following day.

Clean to handle. Sold by all Druggists, Grocers and General Stores

G. W. V. A. CHOOSE OFFICERS FOR HALF YEAR

Col. W. N. Winsby was re-elected president of the Victoria Branch of the Great War Veterans' Association by acclamation at a meeting of the organization last night.

The other officials chosen for the approaching semi-annual term were as follows: First vice-president Comrade J. Food (acclamation); second vice-president, Comrade J. B. Clearihue, M. P. P. (acclamation); treasurer, Comrade W. G. Stone; recoring secretary, Comrade J. Neary; finance, Comrade H. A. Bowden (acclamation); house, R. H. Garnett (acclamation); resolutions, Comrade L. Barker (acclamation); penaions, Canon Hinchliffe (acclamation); ways and means, Comrade G. G. Aitkin; investigation, Comrade P. Brooke; sick, Comrade J. W. Wallis; membership, Comrade Roger Berry; publicity, Comrade A. J. Dempster; sports, Comrade Pendray; sergeant-at-arms, Comrade Martin (acclamation); floor, Comrades Campbell, Clare, Taylor and Weaver.

Members will attend at the "In memoriam Day" at Ross Bay Cemetery on Sunday afternoon.

GARDEN CITY TO OPEN INSTITUTE HALL ON FRIDAY

The Garden City Institute Hall, built by voluntary labor with materials purchased with subscribed funds, will be opened on Friday at 8 p. m. by His Honor the Lieutenant-Governor.

The hall is located on Marigold Road at the corner of Jasmine Avenue, and will fill a long-felt want in that growing community. The main hall is 31 feet by 61 feet. There is a splendid dancing floor, a good-sized stage a ladies' and men's dressing rooms and stage entrance. The entrance hall is 24 feet by 8 feet. The cost of materials to date has been $1,190. Eight hundred dollars has so far been donated by the people of the district and several city firms. The men of the district have donated 2,295 hours of labor, 90 per cent. being unskilled. Fred Harrison has supervised the building and did all the hauling. He praises the work of the children who aided in many ways. In the basement is a room 15 by 31 fitted up for committee meetings. Hubert Savage was the architect for the hall, donating the plans. A grand concert will be given on the opening night, the proceeds going towards providing furnishings for the building.

Jackie—"Father, why do they call those big stone columns in Egypt Pyramids?" Father—"Oh, because they appear amid the general desolation of the desert, Jackie."

FORMER MINISTER AT MOUNT TOLMIE RETURNS HOME

Rev. D. A. Smith Will Be Superintendent for B. C. Oriental Missions

Presbyterian clergy and laymen gave a hearty welcome to Rev. D. A. Smith, former minister of St. Aidan's Presbyterian Church, Mount Tolmie, last evening, on his return from China on the Empress of Japan.

Mr. Smith, who will become superintendent of Oriental missions for the Presbyterian Church in British Columbia, has been in Canton, and other centres of Kwang-tung province studying Chinese, and more particularly the local circumstances surrounding the Chinese immigrants who come to British Columbia.

He gave special attention to one section whence come so large a number of the Chinese coolie immigrants, and in a statement to The Times before he was greeted by Rev. Joseph McCoy, who has charge of St. Aidan's in the interim until a successor is chosen to the Rev. D. Lister, recently transferred to Nanaimo, Mr. Smith stated that he feels far better able now to face the situation, and understand it than before he went to the Orient. He stayed longer than he had expected owing to the nature of the undertaking proving more ambitious than he had expected.

VANCOUVER ISLAND NEWS

Haymaking Bee.

Courtenay: H. Piercy, one of the old-timers of the Comox Valley, held a haymaking bee on his farm on Thursday last. The company gathered into the barns fifteen tons of grass. On the day following Mr. Piercy reciprocated by taking his friends, thirty-seven all told, on a picnic to Campbell River Falls, Forbes Landing. The weather proved ideal for the occasion. Following is a list of those who attended: Mr. and Mrs. Harry Piercy, Mr. and Mrs. A. E. Embleton and family, Mr. and Mrs. G. Piercy and family; Rev. Mr. Bain, from Alberni; Rev. Mr. Munroe, from Van Anda; Mr. and Mrs. G. McLeod, Van Anda; Messrs. Lester and Ernest Price, from Blubber Bay; Miss Raper, from Vancouver; Messrs. Eddie and Miss Minn, Mr. Ward, Mr. and Mrs. Harold Watkinson and family.

SUCCESSFUL CONCERT.

Metchosin, Aug. 2.—An entertainment of unusual merit was given on Saturday evening last, when a crowded and enthusiastic audience had the pleasure of listening to a concert and vaudeville given by Mrs. Selden Humphreys and company. The programme was opened by Mr. Hobday, who humorously sang a pretty and catchy melody entitled "A Hole in Her Stocking," being assisted by a chorus of dainty and charming young ladies.

Mrs. Selden Humphreys gave with graceful charm and delightful style, a pretty love song, "Why Don't You?" the part of the "mere man" being impersonated by Mrs. Laurence Earle, whose "make up" was quite undetectable. Mrs. Robin Dunsmuir, in song and dance, assisted by Messrs. Hobday, Jones and Mackintosh, made an immediate hit, and fairly brought down the house.

Great talent was shown by Miss Daphne Brougham, whose mezzo-soprano voice was heard to great advantage, her songs being much appreciated.

Miss Edna Humber and chorus in "Keep on Humming," received well merited applause. Mrs. W. Rochfort gave "Patches," as a character song, with great success.

The reappearance of Mrs. Hobday in "Three Little Words," was welcomed with delight.

Mrs. D'Oyle Rochfort elicited roars of applause with "Hortense," also her interpretation of the Spring song dance, and replied to numerous encores.

"Not a Scrap," by Miss Daphne Brougham, Mr. Hobday and chorus, brought the musical numbers to an end.

The appreciation of the audience was fully shown throughout the whole programme, each number being vociferously encored.

Mrs. A. J. Gibson, who is already a great favorite in this district, presided at the piano in her usual talented manner.

Much credit is due to Mrs. W. F. Brougham, under whose direction the concert was staged, and she is to be sincerely congratulated on the success of her efforts.

Following the entertainment, dancing was indulged in to the great enjoyment of all present, excellent music being provided by Miss Thain's orchestra. The proceeds, which netted a substantial amount, are to be handed over to the local branch of the Victoria Order of Nurses.

It is understood that Mrs. Selden Humphreys and company have kindly consented to give a similar entertainment in the Colwood Hall at a later date.

News of Sayward.

Sayward, July 30.—Hugh Jameson, of this place, passed away at the Vancouver General Hospital on July 23, after having gone through a very serious operation. Mr. Jameson's death came as a great shock to the residents as it had been reported that he was making good progress toward recovery. In the death of Mr. Jameson, Sayward loses one of her oldest and most respected citizens, who came here many years ago and took up land, which at that time was covered with heavy timber, but by his hard work and perseverance he carved out a comfortable home.

He was very industrious and always took an active interest in all matters which pertained to the benefit of the community. He was for many years school trustee, and held executive offices in the Farmers' Institute and the Livestock Association, and was also a member of Sayward's Publicity Committee. The late Mr. Jameson leaves a wife to mourn the loss of a true companion and faithful husband. All the residents extend to her their deepest sympathy in her great bereavement.

Mrs. Thomas Hern and Miss Annie Lewis have returned after having made an extended visit to Victoria and Vancouver, and report having spent a very enjoyable time.

The weather during the past week has been very warm, and although crops look good, a good rain would help considerably. The hay crop is about all in and a record crop is reported.

The salmon are commencing to run up the river and some good catches are reported.

Sayward's school pupils who attended the high school examinations made a splendid showing, and three out of the four passed with very high marks. They are Miss Aileen MacDonald, Miss Edna Davis and Miss May Henry. The residents extend their congratulations to them for so ably upholding Sayward's school name.

Mrs. J. W. Hearn, of Victoria, is visiting here and is the guest of Mr. and Mrs. A. Henry.

Robert Merrilles and A. Lees are spending a few days camping in the district.

A petition is being circulated from Port Kusan requesting that a liquor store be established at that place, but residents of Sayward maintain that if a Government liquor store is to be established in this district that Sayward is the logical place for it, pointing out that though Port Kusan is close to Sayward it is isolated, as there are no wharf or post office there and only one family resides there.

TORONTO SCENE OF TWO EXECUTIONS

Toronto, Aug. 3.—Roy Hotrum and William McFadden were hanged here this morning for the murder of Leo Sabine, a druggist.

Captain Brydges, on instruction, made no statement regarding the conduct of the men during the night.

"McFadden stuck to his story till the end," said Fletcher Kerr, his counsel, this morning. All along Mr. Kerr was expecting that some statement would be made by Hotrum that might warrant an application for a stay of the sentence against his client, but when last night came and no confession was made, nothing that he could do would have prevented the sentence being carried out. Hotrum protested his innocence so far as the firing of the fatal shot was concerned.

TELL THE VISITOR.

It should not be necessary to emphasize the desirability of providing the tourist with reliable information about the possibilities which Vancouver Island offers the man who is seeking an investment and the man who is looking for congenial surroundings in which to spend his leisure. The Victoria and Island Development Association has done and is doing a highly useful work; but it is unreasonable to expect that an already overworked agency is capable of giving that measure of minute attention which should be given to the visitor who is only able to make his acquaintance with Vancouver Island through the opportunity afforded between boats.

There are many among the daily arrivals who take advantage of the sight-seeing cars and do their best to form an accurate conclusion about Victoria from their own observations and the information which the accommodating cicerone is wont to give en route. In some cases this form of tabloid survey is responsible for beneficial results; but we are of the opinion that if the conductors who take charge of these express excursions were to employ a little more sagacity, and take it for granted that the passengers who pay their dollar are more in the mood for serious information than they are for untrained and invariably ill-timed wit, greater benefits would follow.

The tourist on serious bent sees nothing particularly funny in being told "that everybody works but father" as he observes paterfamilias attending to the kitchen garden or cutting the lawn. These and similar remarks are well intentioned and the result of a desire to please or apply the cure to any long faces that may chance to be aboard. Nor would it matter one bit if these alleged shafts of wit were more liberally punctuated by solid material of use to the one or two in the guide's charge who are really looking for information in the short time at their disposal. All of which suggests that the Victoria and Island Development Association might take advantage of the public guide by calling him into conference for the express purpose of providing him with material for dissemination by his own methods. He would readily lend himself to the plan for the obvious reason that the more service he can render to the city by increasing its tourist traffic—that which stays awhile and that which remains—the greater opportunity there is for increasing his own returns.

The important point we wish to make is the fact that Vancouver Island is becoming an attraction to the people on the other side of the line who are ready to help us to develop it if the proper encouragement is shown to them. On that account too much attention cannot be given to the small beginnings. And not a few beginnings have been made on a sight-seeing car. There is the argument in favor of more information and less cheap humor.

ACCORDING TO PROMISE.

British Columbia municipalities will welcome the announcement made by the Hon. John Hart this morning to the effect that he proposes to collaborate with the Premier upon the question of civic taxation and prepare a complete statement in time for discussion at the forthcoming session of the Legislature. It is not surprising that the Minister does not see the necessity for public sittings. During the course of the tour which he made in company with Mr. Oliver some time ago—aided in the meantime by detailed statistics bearing upon the position of practically every municipality in the Province—he was afforded ample opportunity to post himself at close range upon the weight of the millstone which hangs round the neck of most aldermanic bodies. It has been decided to call in the services of Professor S. E. Beckett who occupies the position of Assistant Professor of Economics at the University of British Columbia and to regard him as the expert adviser during the period which the Minister and the Premier propose to devote to this important subject. It will no doubt be the intention of the Government to issue its statement sufficiently early enough to permit the various municipal bodies affected to present such views as may be inspired by a study of its contents to the Cabinet prior to the assembling of the Legislature. The announcement is in keeping with the Government's plan to devote a large part of the Autumn session the discussion of civic financing. What solution may be found for the present urgent problems may not even be guessed at. If the Province had a credit instead of a debit balance speculation would be interesting. As it is it seems to hark back to the old suggestion of robbing Peter to pay Paul.

LIQUOR COSTS.

Whether it is reasonable to suppose that the Liquor Control Board could reduce its charges for liquor we are not in a position to say; but we may be permitted to suggest that the general public would pay the tolls with a better grace were it to be provided with some detailed information concerning the cost price of the article which is retailing at a higher figure under the Liquor Control Act than it did under prohibitory law. It may be argued that the general public knows how much the Dominion Government demands upon each case of liquor imported by the Provincial authorities; but it is safe to assume that very few stop to consider the fine points of Federal privilege when some illicit trader whispers loud enough to suggest that a purchase from him would mean a saving of fifty cents. If a fair explanation were made to the customers of the Government by means of a label affixed to each bottle, showing the various items of cost and administrative percentage which make up the retail price, it is not unreasonable to suggest that a more harmonious spirit of co-operation would result. In any case such experiments as may tend to curtail the business of the bootlegger would be worth trying for the sake of the law itself and for the benefit of those intimately associated with its enforcement. After all it is the business of the public. Such profits as are made and such curtailment of those profits as it may deem necessary are its own concern. The Government is merely exercised over the administration of the Act and is naturally ready to do anything that would simplify its task.

FOREST FIRES.

It is an old adage that familiarity breeds contempt; but it is necessary to ignore the possible truth of the assertion by a further reference to the need for caution in the wooded areas of this Island during the dry Summer months. Neither patrol from the air nor constant surveillance from terra firma can be turned to full advantage unless those people who spend most of their time in the great out-of-doors take more than usual precaution with camp fires and lighted tobacco. Already this year no fewer than five hundred and sixty-five fires have been reported to the Forest Branch of the Department of Lands. What this means in fighting cost and volume of material loss will be readily understood. By the employment of the most simple means and the observance of proper care there should be neither danger from the camp fire nor anything to mar the enjoyment of the fragrant weed.

It is suggested that the sole reason for the delay in the Sinn Fein's reply to the Government's peace proposals is due to an attempt now being made to secure adhesion of Ulster to the peace plan before resuming negotiations with Mr. Lloyd George. An United Ireland sounds alluring; is it possible?

SAYS NO SCENERY EXCELS THAT TO BE FOUND HERE

After Journey of Many Thousand Miles, Reeve Drake Gives Impressions

The scenery of British Columbia still stands unexcelled in the mind of Reeve S. J. Drake, of Oak Bay, who, in speaking of his 6,625-mile motor trip from Victoria to Cincinnati and Chicago and return, averred that in all his journey through thirteen states and three of the Canadian Provinces he had witnessed nothing that could compare with the attractions offered by the Province of British Columbia.

It was on May 18 that Reeve Drake, accompanied by Mrs. Drake, left the city for the long journey eastward and he expresses surprise at the extent of motor travel over the miles upon miles of hard surface highways traversed.

Mr. Drake ferried from Victoria to Port Angeles.

From Port Angeles the Drakes went to Portland; over the Blue Mountains into Idaho; down to Salt Lake City; across into Wyoming; through Nebraska into Kansas where Topeka and Kansas City were visited; over to St. Louis; across Illinois and Indiana to Cincinnati, Ohio; back to Chicago; west to St. Paul and Minneapolis; north to Winnipeg; through Brandon, Regina, Moose Jaw, Medicine Hat, Lethbridge and McLeod; through the Rockies to Fernie, Cranbrook, Kuskanook, Nelson and Rossland; across the border into the States, and back again at Grand Forks; down again to Wenatchee; then to Seattle, north to Vancouver, and across to Victoria.

During part of the trip, as many as seventy-five cars a day were passed heading for the Pacific Coast and in some cases whole families were seen moving to new homes with all their belongings packed in their cars with trailer. Mr. Drake was also much impressed with the extensive road programmes of the various states visited and the fact that the importance of highway construction is fully recognized by the administrations. The average day's travel was about 100 miles.

"They have a very hazy idea of British Columbia down East, particularly in the United States, where most of the people still think that Canada is a very cold country all the year around, and practically nothing was known of Vancouver Island, said Mr. Drake.

The need of completing the trans-Provincial Highway in order to make it possible for Canadians to travel right across Canada was emphasized by Mr. Drake and he claimed that it was also very essential that the attractions of the Province and of Vancouver Island particularly, should be made known to the hordes of motor tourists who are using the highways on the American side of the line.

Mr. and Mrs. Drake throughout their interesting tour spent the nights under canvas, a special tent arrangement having been constructed for their convenience before their departure. A gas stove and folding apparatus of all descriptions for the convenience of the pair was carried.

HON. MRS. SMITH HERE TO ATTEND CABINET MEETING

Hon. Mrs. Mary Ellen Smith, Minister without portfolio, in the Oliver Government, arrived in Victoria today from her home in Vancouver to attend this morning's meeting of the Cabinet. Hon. Mrs. Smith took the opportunity to confer with Premier Oliver, and Hon. J. D. MacLean, Minister of Education and Provincial Secretary, matters connected with her work.

LOCAL BOY PROMOTED.

Victor Sivertz, fourth son of Mr. and Mrs. Christian Sivertz, who has been studying at the University of Washington, has recently been appointed assistant instructor in chemistry at the University.

"The stars incline, but do not compel."

HOROSCOPE

WEDNESDAY, AUGUST 3, 1921.
(Copyright, 1921, by The McClure Newspaper Syndicate.)

This is read by astrologers as an exceedingly doubtful day. Jupiter, Saturn, the Sun and Venus are all in threatening aspect.

The lunation of this date takes place when the luminaries are just above the cusp of the seventh house in conjunction with Neptune.

The Moon afflicted by Neptune indicates much vice and immorality, for conditions are reaching the place where they furnish their own antidote by causing a public revolt that insures reforms.

The stars seem to promise plenty of employment for workers, who will benefit as the month advances.

Mars is in an aspect denoting fires and accidents on battleships.

The conjunction of the luminaries with Neptune is read as foreshadowing treachery on the part of a foreign power and some sort of naval activity.

International negotiations and complicated relations with foreign powers are again augured by the seers.

Warning is given that there may be a grave diplomatic mistake made which will be of serious moment.

Great Britain continues subject to malefic planetary influences that bode ill for the Government.

Women should be exceedingly cautious during this rule of the stars. They should not put their fate to the test in any affair, business prospects being just as threatenig as romance.

Initiative should be postponed, for the stars that thwart high hopes are in malefic sway.

During this month there should be an effort to maintain a calm level of thought and action, for there is danger in any extremes of emotion or movement.

Persons whose birthdate it is should avoid law and contests of any sort. Those who are employed should be especially careful.

Children born on this day may be quick tempered and inclined to exaggeration. These subjects of Leo are usually successful in whatever they undertake.

FACES A CHARGE.

Prince Rupert, Aug. 3.—E. Jordan, fish buyer of Ketchikan, whose disappearance caused some anxiety for his safety, has been found and is under arrest charged with theft.

CHURCH TAXATION CASE IS OBSCURE

City Awaits Full Text of Judgment; No Referendum Likely

Just what will be done in connection with the church taxation problem in view of the decision of the Privy Council it would be premature to conjecture until the full text of the judgment is received here, City Hall officials stated this morning.

The cable received merely disposes of the principle involved, it is pointed out and the wording of the judgment will disclose the effect on the various phases of the situation. "Until such time as the judgment arrives we are completely in the dark, and it would be folly to attempt to talk about any of the various questions that have arisen as a result of the announcement of the Privy Council's judgment," it was stated to The Times this morning.

No Referendum.

"In view of the question affecting the religious views of such a large number of people is it likely that a referendum will be taken to get the public's opinion as to whether or not church sites should be taxed?" Mayor Porter was asked.

"No. I do not think so," replied His Worship. "There are so many churches and different denominations these days that the exemption from taxation of lands on which there are places of worship has become a very serious problem. We must treat all alike, and it must be remembered that we already exempt the buildings and have only assessed the lands.

"It cannot be said what action will be taken, but the matter will certainly be discussed at the convention of the Union of B. C. Municipalities in Port Alberni this month. Before our delegates leave for that convention we will hold a special meeting to direct them as to the Council's views in the matter," said the Mayor.

Will Cost City Large Sum.

Defeat in the Privy Council case means that Victoria will lose about $15,000 a year, according to figures compiled yesterday by City Treasurer Edwin C. Smith. In addition to this, of course, the city must pay big legal expenses connected with the case.

The St. Andrew's Roman Cathedral is about $18,000 in arrears, Mr. Smith states. St. Andrew's Presbyterian Church was taxed last year $1,632, while the Roman Catholic Cathedral was taxed $1,374. The third highest is the Metropolitan Methodist Church, taxes on which were about $550. The Christ Church Cathedral, considering the site alone and not the five acres of Christ Church Trust, is taxed about $300, while St. John's Church, at the corner of Quadra and Mason Streets, is taxed about $360. The First Presbyterian Church, nearby, has been paying about $220 a year. Mr. Smith states that these six churches contribute about one-third of all taxes paid by the fifty churches in the city. Some of the smaller churches pay only about $30 a year.

TOO ILL TO GO TO SCHOOL

Mother Tells How Daughter Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine."—Mrs. JOHN TOMS, Ball St., Cobourg, Ont.

Standing all day, or sitting in cramped positions, young girls contract deranged conditions, and develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of women's ills. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial.

COURT OF APPEAL HEARS ATLIN MINING DISPUTE

Evidence Turns on Authenticity of Signature

The hearing of the appeal of Grant versus Fraser was re-opened in the Court of Appeal to-day, after a preliminary hearing yesterday. The case was adjourned from July 4 due to the illness of W. J. Taylor, K. C. M. B. O'Dell is now acting for the plaintiff-appellant in this appeal asked for a further adjournment, which was not granted. R. Symes, appearing for the defendant-respondent did not address the court this morning, the proceedings turning on Mr. O'Dell's address to the court. The appeal is one from a decision of Mr. Justice Morrison alleging wrongful admission and rejection of evidence in the main action.

The suit involves the fortunes of a syndicate of mining partners in the Atlin district, in which one partner was dropped after the joint claims had been re-staked it is alleged for the express purpose of dropping one partner. The defendants claimed that a signature to an important document bearing on the case was either traced or forged. The evidence before the Court of Appeal to-day dealt largely with two signatures of one of the defendants. Photographic record of admitted and disputes signatures were superimposed by the learned judges and counsel to determine if the opinion of the handwriting experts and an architect called on this point was in accordance with the facts of the case. Chief Justice Macdonald stated that if the signature was forged, and was sworn to by the plaintiff as an eyewitness as being the actual writing of the defendant then the remainder of the plaintiff evidence would not be held by the court to be true. If the counsel for the plaintiff could submit a case excluding the evidence of the plaintiff the court would be quite willing to hear him on that point. The plaintiff is claiming what amounts to a third interest in mining claims in the Atlin district, with some $3,510 in money, a portion of mining machinery being included in the general claims. The evidence was dramatic at points dealing with the signing of a document by one of the defendants who was on the verge of death, according to his own statements and to certain alleged drug transactions between the plaintiff and the defendant in question. The hearing was re-opened at the afternoon session of the Court of Appeal.

Judgments Yesterday.

In a special sitting yesterday, several cases adjourned from July 4 were heard, and some judgments given.

The decisions rendered were as follows:

Boyer vs. Mollet, appeal allowed; Mr. Justice Martin dissenting.

James vs. Ocean Accident Company, appeal allowed, Chief Justice Macdonald and Mr. Justice Galliher dissenting.

Perrin vs. Vancouver, apoeal allowed, Mr. Justice Martin dissenting.

Greenizen vs. Twigg.

Other cases heard included a dismissal of an application by E. C. Mayers for the defendant-respondent in the suit of Greenizen vs. Twigg for permission to submit further evidence, in the case still under consideration. The application was opposed by J. R. Green for the plaintiff-appellant, while H. G. S. Heisterman and J. B. Clearihue, M. P. P., appeared for other defendants in the suit. The application was refused.

Dominion Trust vs. Brydges.

H. W. Buckle, counsel for the appellant in the suit of the Dominion Trust vs. Brydges, applied for the inclusion in the appeal book of certain material. Sir Charles H. Tupper, K. C., counsel for the respondent, opposed the application, judgment being reserved by the court.

Stewart vs. Molybdenum.

On a motion from S. T. Hankey, counsel for the plaintiff appellant in the suit of Stewart vs. Molybdenum Mining Company, F. W. Hodges (authorized trustee) was added to the respondents in the appeal hearing.

Bond vs. Conkey.

An application by Mark Cosgrove to vary ... order of costs in the suit of Bond vs. Conkey, opposed by E. C. Mayers for the defendant, was disallowed by the court.

KENT'S EDISON STORE
1004 Government Street

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, August 3, 1896

The manner in which the races were conducted at the Driving Park on Saturday afternoon disgusted all true lovers of sport. The whole affair was in the hands of gamblers and was allowed to remain so. It is true that one of the judges interfered on behalf of the public, but it was too late to do any good. It was in the first race, free-for-all trotting and pacing, that the most bare-faced scheming ever indulged in on a Victoria track, took place.

W. J. Hanna will, at this evening's meeting of the City Council, present a petition, signed largely by the leading men of the city, the most of the signatures having been obtained before the Point Ellice Bridge accident. The object of the petition is to secure a guard or child catcher attachment to the street cars running in the city.

The Albion Iron Works has secured the contract of making the new propeller for the steamship Progressist.

TO PROBE AFFAIRS OF WATER COMPANY

Government to Enquire Into Transfer of Mission Concern

The proposed transfer of the business of the Mission Water, Light & Power Company will be the subject of a complete inquiry by the Board of Investigation Under the Water Act, as a result of a decision reached by Premier Oliver and the Cabinet this morning.

The Mission Public Service Company has filed a petition to the Lieutenant-Governor-in-Council asking that the transfer to it of the undertaking and water rights of the Mission Water, Light & Power Company be approved, it was explained at the Parliament Buildings to-day. The Quatsino Trading Company, Ltd., objects to the granting of this petition and alleges that the Mission Water, Light & Power Company is indebted to it and that an action between the two companies is pending in the courts at present.

The Canadian Bank of Commerce has secured a foreclosure order against the Mission Water, Light & Power Company, under which it took possession of the company's works. Last October the Bank was authorized by the Minister of Lands to carry on the business of the old company pending the formation of a new company which would be capable of holding a Class C license and to which the property could be turned over. The Bank brought about the incorporation of the Mission Public Service Company for this purpose and the hearing of that company's present petition to the Government would be the next step in the proceedings.

The Government, he stated, has instructed the Board of Investigation Under the Water Act to inquire into the whole matter.

Publicity For Victoria.—All folders of the Georgian Hotel, Seattle, now carry a reference to Victoria, urging travellers to spend a day here during their visit to the Pacific Northwest.

Enjoying a bountiful repast in the shade of leafy bowers. The staff of Gordon's, Limited is here shown seated on the grass plot at Deep Bay, where the annual picnic was held on Friday of last week.

GORDON'S LIMITED STAFF ANNUAL PICNIC

Over one hundred people attended the outing to Deep Bay last week. The picture shows the staff in a group taken close to the Chalet and just prior to the commencement of the sports programme

LOCAL FIRM WILL SUPPLY STEEL FOR ESQUIMALT DRYDOCK

The well-known local firm of E. G. Prior & Co. has secured the contract for the supply of the fabricated steel to be used in connection with the Federal drydock at Skinner's Cove. The contract secured by the local firm is an important one as it comprises approximately 70,000 fabricated steel parts. E. G. Prior & Co. were the lowest tenderers, the contract being secured in competition with the large manufacturing concerns of the country.

On the award being made to the local firm the officials of the concern met local interests with the object of localizing the work, and arrangements were finally reached whereby the rolling of all material will be carried out by the Vancouver Rolling Mills, and the fabrication of the material by the firm of Yarrows, Ltd., of Esquimalt.

BARQUE FLOATED.

San Francisco, Aug. 3.—The three-masted barque Ottilie Fjord was pulled from the beach near Fort Point by the tugs Sea King and Sea Monarch this morning, after having grounded last night in a thick fog. The extent of her damage is unknown, but she was said to be leaking somewhat.

OBITUARY RECORD

Mrs. Alice Mason, a resident of Sidney for the past two and a half years, died yesterday at the age of 78 years. She was born in Rochdale, England, and is survived by one daughter, Mrs. C. Taylor, of Sidney, and one son in England. Funeral arrangements are in the hands of the Sands Funeral Chapel and will be announced later.

Services were held yesterday afternoon at 2 o'clock at the Thomson Funeral Home, 1625 Quadra Street, for the late James Goodman, whose death occurred last Tuesday, July 26, at Vancouver. The Rev. William Stevenson conducted the impressive service. The hymn sung was "Jesus, Lover of My Soul." The remains were conveyed to their last resting place on a gun carriage. The firing party of the Machine Gun Corps, under Sergeant Turner, fired three volleys over the grave and the Last Post was sounded by Bugler Booth. The following were pallbearers, all Veterans of France: R. A. McIntyre, L. P. Collins, J. C. Smith, T. Elliott, J. Goodsell, F. Tubbs. Interment was made in the family plot at Ross Bay Cemetery

WHAT'S IN A NAME?

Facts About Your Name; Its History; Its Meaning; Whence It Was Derived; Its Significance; Your Lucky Day and Lucky Jewel.

By Mildred Marshall.

(Copyright, 1921, by The Wheeler Syndicate, Inc.)

MONICA.

Monica is not nearly as popular a name as it deserves to be. Not only has it beauty of sound and significance, but a strikingly interesting history as well. It comes to us almost direct from the Spanish, but is nevertheless regarded as an English name, and is more popular in England than in its native country. Many a golden-haired, blue-eyed English girl bears the name first used to designate a raven-tressed, red-lipped coquette of Spain.

Monica is thought to have its earliest origin with the Greek term "domo," meaning "to rule." Dominica is a direct offspring of this word and there have been Saints Dominica, Domingo and Dominico, without number. One holy man by that name, who is associated with the Inquisition, had namesakes in all the Romanist lands, and the feminine of this popular title came to be officially Domenica; for short, Monica.

The mother of Saint Augustine was the first to be called Monica. Some etymologists even believe that her name should be classified as one coming directly from the Latin verb "moneo," meaning "to advise," but the consensus of opinion is that Monica was evolved in the manner aforementioned. Monica is also a favorite in France and the peasantry call it Monique. Moncha is the Irish form.

The emerald is Monica's talismanic gem. It is believed to bestow upon her the gift of foretelling or sensing future events. She will have especially keen perception when she wears the jewel and will be guarded against deceit. Wednesday is her lucky day and 1 her lucky number.

For Women And Home

Social and Personal

Mr. M. O'Brien, of Rossland, is registered at the Empress Hotel.

o o o

P. C. Elgee, of Montreal, Quebec, is a guest at the Empress Hotel.

o o o

Clow, Miss Clow, Clare W. Lillie and Miss F. M. Pollard, Mrs. Lawrance, and Miss McNabb, of Calgary; Georgina Wood, of Winnipeg; Misses Williams and Wood, of Chicago; R. B. Udee and C. H. Wallum, J. W. Harry, of Seattle; Misses L. Lloyd and H. W. Peregrine, of Hamilton; Walter Bird, of Guernsey, Channel Islands, are new arrivals at the Dominion Hotel.

o o o

A wedding of much interest to residents of Victoria and Duncan took place on Monday evening at the residence of Mr. and Mrs. J. E. Hutton Jeremy, Shaughnessy Heights, Vancouver, when their niece, Miss Nora Bethia Symonds, was married to Mr. Maxwell Blunt, Miss Symonds is a daughter of the late Mr. and Mrs. Henry Symonds, Dorchester, England, and came from her home in Bournemouth two years ago to visit her brother on Vancouver Island. Mr. Blunt is the only son of Mr. and Mrs. G. H. Blunt, Christchurch, New Zealand. He served overseas with the Imperial Air Force. The ceremony was performed by Rev. W. Wollans, of Korrisdale, beneath a wedding bell of fragrant white flowers in the sunny drawing room. The bride, who was given in marriage by her uncle, wore a gown of cream crepe de chine and georgette, heavily embroidered and her mother's lace wedding veil with a coronet of orange blossoms. She was attended by Mrs. Jeremy in a gown of cornflower blue georgette as matron of honor and little Miss Ann Jeremy in a dainty frock of shell pink crepe de chine as flower girl. Mr. Henry Symonds, of Duncans, brother of the bride, supported the groom. Immediately after the ceremony a buffet supper was served in the dining room from a table centred with Cecile Brunner roses and clouds of tulle. Mr. and Mrs. Blunt left for a motor tour of Vancouver Island, the bride travelling in a suit of grey jersey cloth with blouse to match and a silk hat in shades of grey and blue. They will make their home in Merville, V. I.

PRETTY SAANICH GIRL MARRIED TO TACOMA MAN

Nuptials of Miss Eva Walker and James Brygger Baker Last Evening

In the quaint little country church of St. Stephen's, Saanichton, which witnessed her christening and confirmation, Miss Eva Grace Walker, youngest daughter of Mr. and Mrs. W. J. Walker, of Saanichton, last night at 7.30 became the bride of James Brygger Baker, of Tacoma, only son of the late Sidney W. Baker and Mrs. Baker, of Tacoma, Wash, U. S. A., at one of the prettiest weddings of the Summer season. The celebration of the nuptials upon the forty-second anniversary of the marriage of the bride's parents imparted additional interest to the wedding.

In keeping with the rustic simplicity of the church which nestles in a tree-dotted valley, the floral decorations for the ceremony were of snowy Shasta daisies, pale pink sweet peas and white gysophelia. The rector, the Rev. J. S. Archibald Bastin met the bride and her retinue at the door and preceded them up the aisle. The bride, who was given in marriage by her father, was a vision of radiant loveliness. Her wedding gown was of lustrous ivory satin charmeuse, the long-waisted surplice bodice fashioned of silver-beaded net with tiny puff sleeves of the satin. At the waist a girdle of white organdie flowers confined the draperies of cream Chantilly lace which fell in soft cascades over each hip to below the hem of the satin skirt with its motifs of silver beads. A tulle veil caught in mob cap fashion under a chaplet of orange blossoms fell in soft folds below the hem of the gown, and a lovely shower bouquet of Ophelia roses and white sweet peas completed the charming toilette.

Mrs. George Brisco, sister of the bride, was the matron of honor, charmingly gowned in peachblow charmeuse with bodice of crystal-beaded net, the same net falling in soft drapery over one hip, touches of powder-blue embroidery adding a dainty color note to the gown. Her picture hat was of black lisere and tulle with streamers of black lace caught with French flowers, and she carried a shower bouquet of roses and sweet peas. Miss Alma Jeune, the only bridesmaid, wore a pretty frock of forget-me-not blue charmeuse and silver, with guimpe of georgette finished with bebe sleeves of the satin, the skirt made en panaier. She wore a becoming picture hat of white georgette trimmed with silver ribbon and French flowers and carried a shower bouquet of pink and white sweet peas. Mr. George Brisco, brother-in-law of the bride, and Mr. W. J. Walker, brother of the bride, officiated as groomsmen.

Mrs. F. Butterfield presided at the organ and during the ceremony the solo, "Calm as the Night" (Bohn) was beautifully sung by Miss Beatrice McDonald, of Esquimalt, daintily gowned in orchid crepe de chine and georgette with hat of mauve and white, and wearing a corsage bouquet of mauve sweet peas and ostrich fronds.

The bridegroom's gift to the bridesmaid was a silver vanity case, to the matron of honor a gold bar pin set with pearls and to the vocalist and organist framed photographs of the bride.

Following the ceremony a reception was held at the home of the bride's parents. Mrs. Walker, mother of the bride, handsomely attired in navy blue georgette heavily beaded with irridescent blue beads and hat en suite, was assisted in receiving the guests by Mrs. Baker, mother of the bridegroom, who wore a smart gown of taupe georgette figured with old rose, and worn over a rose-colored jupe, with hat of taupe.

About a hundred guests attended the reception and participated in the wedding supper which was served at tables arranged with sweet peas and Shasta daisies. The four-tier wedding cake occupied the position of honor. Later, Mr. and Mrs. Baker, who were the recipients of many beautiful gifts, left on the midnight boat en route for Banff where the honeymoon will be spent, the bride traveling in a smart suit of navy blue tricotine with waist of coral georgette and hat of navy blue embroidered in gold. They will make their home at Tacoma where the bridegroom is prominent in shipping circles.

Among the out-of-town guests at the wedding were Mrs. S. W. Baker, of Tacoma; Miss S. Brygger and Miss Elaine Brygger, of Seattle; Mr. and Mrs. W. E. Springstun, of Seattle, and Mrs. L. M. Banks and family of Nanaimo, B. C.

FOR CHILDREN

THE SANDMAN STORY FOR TO-NIGHT

HOW THE EVERGREEN CHEERED THE OAK TREE

Part I.

Big Oak lifted its branches in dismay at such a question; it swayed a little too, before it could find voice to reply, for everyone had looked upon Big Oak as the most important of the forest dwellers.

"Why, my big branches and leaves," it managed to gasp, "do they not furnish shade for all the forest folk who run about below and do not my strong limbs make homes for many others as well, and you ask me, who is the mighty one of the forest, of what use I have been in the world? O, this is too much, too much."

Big Oak was so overcome that it forgot the fate that awaited it, but Little Pine was not to be stopped now it had the ears of all the forest trees. "Yes, you do those things," it agreed, "but so do the other trees, but you see I know something you do not. You will be more useful in the world after you are cut down than we others until we too are marked to be the chosen one."

"Pine tree, you are very small to be so wise, but if this be true," said the Chestnut Tree, "how did you find it out? You have never been out of the forest."

"It is rather a long story, but if you will be patient I will tell you all about it," answered the Little Pine.

"My mother was a Christmas tree, of course. She lived in the forest first, but she went to a big house and was dressed in gaily-colored trimmings and little children clapped their hands and danced about when they saw us—I mean her, my mother."

"But you, how did you get back to the forest if you went with your mother?" asked the trees, almost touching the ground with their branches in their eagerness to know more of the strange story, "and will we all be Christmas trees?" they asked.

"Wait, wait," said Little Pine, "you will learn all if you will be patient. I was a seedling inside of a cone that hung on a branch of that Christmas tree and one of the children broke off the cone and put it in his pocket.

"Then one day he came here in the woods; he took off his coat, threw it on the ground and out dropped the cone and I fell out of my nestling place. Because I wanted to live and grow I worked my way into the ground, and here I am, small, it is true, but knowing what I do I shall do my best to become big and some day I may be chosen for a Christmas tree.

"But not you, Big Oak. You are too big and tall to go inside a house and what you will become I cannot tell, but, this I know, that many beautiful things are made from Oak because while I was in the cone on the Christmas tree I peeked out and saw a beautiful chair all carved and polished.

"By the firelight I could see people admiring it and I heard some one say 'it would wear for generations.'"

"How wonderful," murmured all the trees, looking with envy upon Big Oak, who now had raised itself to its full height and no longer felt sad.

"Did you see anything made of my wood?" asked the Chestnut Tree.

"I had only a little time to peek at things," replied the Pine, "but I know this, that every wood has its use and that if you all grow big and tall you will some day be chosen just as Big Oak is to be carried out of the forest and become useful and perhaps beautiful."

"Thank you, Little Pine, and good-night," murmured all the trees, as they quietly folded their leaves and went to sleep, contented and happy.

Little Pine had taught them a lesson that the things most dreaded sometimes turn out to be the greatest blessings in life.

AGED WOMEN'S HOME.

There are no vacancies in the Aged Women's Home according to the report given at yesterday's meeting of the ladies' committee. Mrs. W. L. Clay, the president, was in the chair.

The members present were: Mesdames Carne, Vincent, Harold Grant, Whittier and Miss O'Brien. The secretary, Mrs. Whittier, reported that the new porch of the Home was completed. She also stated that the matron had been busily engaged in putting up fruit for Winter use. The committee for August consists of the following: Mrs. Vincent, Mrs. Whittier and Miss O'Brien. The donations received during July were: Fish, Mrs. Shotbolt; vegetables and papers, Mrs. Fortune and Mrs. McTavish; flowers, Mrs. Whittier and Miss Mary L. Spencer. Miss Spencer and Mr. Baxter took a number of the ladies for pleasant motor rides.

DOMINION

Miss Daniels has never had a role that fitted her type and talents better than this role of the mischievous Teddy, in "Ducks and Drakes." Her dashing beauty, whether enhanced by the many stunning costumes which she wears in some of the scenes, or the bath water which she wears in one amusing scene with her harassed chaperon, is of a kind peculiarly suited to the saucy role. We doubt if any blonde on earth, no matter how reckless, could be quite so impish as the dusky Miss Daniels.

Mame Kelso has the role of the aunt, Jack Holt is the leading man, and fellow conspirators in his plot to frighten the heroine out of her bad habit are William E. Lawrence, Edward Martindel and Wade Boteler. The latter wears a set of black whiskers in his early scenes that so completely disguise him that any matinee girls who lost their hearts to him when they saw him as the tough guy in Miss Daniels' preceding picture, "She Couldn't Help It," won't recognize him at all in the first few reels of "Ducks and Drakes."

Major Maurice Campbell directed the offering, and a very snappy comedy resulted from his interpretation of this latest brain child of the versatile and industrious Elmer Harris whose many comedy successes have been seen on both stage and screen.

"Ducks and Drakes" will remain at the Dominion Theatre here all week. Other numbers on the bill at that playhouse include:

Harold Lloyd's latest three-reel comedy "Among Those Present." This number is full of thrills and laughter. Many novel surprises and new comedy situations are included in the picture.

COLUMBIA

Several interesting scenes of Louis Bennison's latest Betzwood picture, "Speedy Meade," which comes to the Columbia Theatre, are laid in a country convent school. Among the students is Mary Dullman (Katherine MacDonald), daughter of a Western rancher, and Alice Hall (played by Claire Adams). Alice has grown to love Bud Lester, a pal of Speedy Meade (Louis Bennison) and one of his aids in rounding up violators of the law, for Speedy is a Texas ranger.

Comes word to Meade that a band of cattle thieves is playing havoc with the stock on several ranches in Speedy's district. He orders Lester to the scene of the robberies and Alice bids him a fond farewell, kissing him while Mary and Meade turn their heads to allow the lovers their full measure of joy. Resolved to show Meade that his confidence in him has not been misplaced, Lester takes desperate chances in his attempt to ferret out the robbers.

Several days later Meade receives a letter from Lester stating that he is on the trail of the band and that Speedy will soon hear of his having rounded up the robber outfit. Within a week Meade gets word that the body of a man answering Lester's description was found riddled with bullets in a creek. Later the murder of Lester is confirmed by the finding of a letter from Alice in the victim's pockets.

Fearing to break the news himself to Alice, Meade takes counsel with the mother superior at the school. The good woman calls Alice and Mary to her room and tells the former of the fate that has befallen her sweetheart. Alice swoons, but Meade who has been listening outside the door, steps in and partially softens the blow by announcing that he will leave at once to avenge the murder of Lester. Whereupon Mary becomes sick at heart, for, unknown to him, she has grown to love the brave and handsome ranger and fears that he will meet with a like fate at the hands of the band. Here again the mother superior interposes and urges Mary not to stand in the way of duty.

Also in addition to the Feature the Columbia has a good two-reel comedy that will amuse you for at least half an hour, and second chapter of "A Woman in Grey."

VARIETY

Buster Keaton, playing the Lamb, as co-star with William H. Crane in "The Saphead," now showing at the Variety Theatre, made his first departure from slapstick comedy to create the role of the wastrel son on the screen. Mr. Keaton has been playing with Roscoe Arbuckle in his horse-play productions for three seasons when he was seen by Winchell Smith, who supervised the production of "The Saphead." Mr. Smith detected under the uproarious effects achieved by Mr. Keaton a quiet subtlety of method that convinced him the slapstick actor would be a "find" in the more human field of straight comedy. It was the same sort of discrimination that led Maxwell Karger to take Alice Lake from slapstick work into her triumph as a star in serious drama for Metro Or, to take a striking instance from the stage, it was the sort of selective power shown by Belasco when he took David Warfield from slapstick to play in "The Auctioneer."

PRINCESS

To-night at the Princess "Jim's Girl" will be presented for the first time in Victoria, and it promises to be as big and as beautiful a play as has yet been produced by the ever-popular Mildred Page Players.

Miss Page will be seen in the character of the French girl and James Coots as "Jim." Mr. Aldenn, Mr. Jaxon and Mr. Elton are all to be seen in splendid parts and the singing and dancing will be quite up to the high standard of excellence set by this company.

To-night is also prize night. A cash prize of $5 will be presented to the one guessing the contents of Captain Kidd's chest. If the correct guess is not received this week the $5 will be laid aside till next week and from week to week $5 will be put aside until the correct guess does come in, then the full amount will be given as prize to the winner. To-night and the balance of the week "Jim's Girl" will be presented at the Princess.

Saturday matinee- has a bean guessing contest for the kiddies. Guess the amount of beans in the jar in Hibben's window, Government Street, and have your guess in not later than Friday night.

ROYAL VICTORIA

Just to prove that there is more humor in a real story with a humorous theme, rather than in a hysterical pandemonium of flivvers chasing each other over slippery scenery with policemen falling from the Henrys at each turn in the road, John Emerson and Anita Loos have written "The Perfect Woman," Constance Talmadge's latest starring vehicle. This policy of real human interest stories interspersed with suspense and laughter is the type of story in which Miss Talmadge appears to such splendid advantage. "In Search of a Sinner," and "The Love Expert" prove that Miss Talmadge is using her superb talents in the most pleasing kind of screen stories.

"The Perfect Woman," which will be the attraction again to-day at the Royal Victoria Theatre is the story of Mary Blake, who vamps her way into the home of Jimmy Stanhope, multi-millionaire, and supposed woman-hater, bringing a series of amusing and pleasingly thrilling incidents into one of the most novel climaxes ever witnessed.

J. Petch, the well-known singer of this city, who has received such favorable comment since his first appearance will be sure to please the patrons with the two songs that have been selected, "Little Mother of Mine" and "Invictus." A Tonnerville comedy "The Skipper Has His Fling" and "Bruce Scenic" round out one of the best programmes of the season.

WILD ANIMAL SHOW AT STADIUM FOR TWO DAYS

Christy Bros.' wild animal show is the attraction at the Stadium to-day and to-morrow.

Claiming to offer all that is new, novel and up-to-date in the presentation of arenic performances, Christy Bros.' Greater United Wild Animal Shows will exhibit in Victoria for two days starting to-day, giving two performances daily, 2 and 8 p. m., at the Stadium grounds.

Great will be the joy of all Victoria kids from six to sixty, for wherever the mammoth tents are set up, with their acres of canvas, staked guy ropes and flying pennants, grouped wagons and oueside stands, it sends a thrill through the community that is obtained through no other source. It brings out the kid that is in all; it restores youth for a day at least. People neglect business and stifle a self-accusing conscience, invent near plausible excuses for a visit to the show grounds just to look at the crowds, and then find, when once within the magic circle of the tented city, that routine duties and workday details fade away and become of small importance in this land of music and mirth and sights that thrill.

FILM SHOWS BIG OPERATIONS OF BAPCO COMPANY

People who have visited the Royal Victoria Theatre this week have been amazed at the extent and importance of the Bapco Paint Company's operations here, as shown in a most interesting film.

The moving pictures of the Pendray plant show the work of extensive machinery used in the manufacture of paint and the factory's numerous other products. They depict the batteries of "chasers" mixing the "base" for Bapco paint, the further treatment of this material and finally the automatic pouring of paint into tins.

The printing department, in which labels for the various Bapco products are printed, and the can manufacturing department also are shown. Another interesting series of pictures shows the manufacture of varnish and the tank of two carloads' capacity in which the manufactured varnish is left to mature.

The film will be shown in theatres all over Canada during the next few months.

CARRYING THE TORCH

Of the very few actors in America to-day who are still carrying the glowing torch of Shakespearean genius, the best by general agreement is Walter Hampden, who is now on the last week of an engagement of extraordinary interest and stimulation at the Arlington Theatre in Boston.

Mr. Hampden deliberately turned his back upon a brilliant career as leading man under prominent managers to devote his art, his energies and his ambitions to the portrayal of the great characters of the greatest of all playwrights. It is said of him—and we cannot doubt it—that he is not lured by and dreams of wealth, but would be and is content if he can earn a modest livelihood by the presentation of great classic. Such actors are none too common; they deserve the support of the discerning public—which is always numerous enough to amply repay at least a few figures on the stage who aim at the highest marks.

One highest mark to which the cultured actor gazes is "Hamlet." In the depiction of the Dane there is no man acting to-day who can equal Mr. Hampden in the vitality of the portrait, the beauty of the characterization, the simple elegance of diction and the powerful appeal to all sympathies. It is a performance no lover of Shakespeare can afford to miss.—Boston Post, Jan. 3, 1921.

TELLS HOW CATARRH IS DESTROYED QUICKLY

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be fixed up right at home by inhaling "Catarrhozone." In using Catarrhozone you don't take medicine into the stomach—you just breathe a healing, piney vapor direct tot he lungs and air passages. The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and the disease ends quickly. Colds and throat troubles can't last if the pure healing vapor of Catarrhozone is breathed—sneezing and coughing cease at once, because irritation is removed. Bronchitis, irritation and weakness in the throat soon disappear. Use Catarrhozone whether young or old. Two months' treatment $1.00, small size 50c.; dealers everywhere or The Catarrhozone Co., Montreal. (Advt.)

EXIT BETTY

By

Grace Livingston Hill
(Mrs. Lutz)

Author of "The Search" "Marcia Schuyler," "The Enchanted Barn," etc.

During this part of the tale Reyburn sat with stern countenance, his fingers clenched around the arms of the chair in which he sat, but he held himself quiet and listened with compressed lips, watching every expression that flitted across the sweet pale face.

"That was the last time I was at home with my father," she said, trying to control her quivering lips. "He took me back to school, and he came three times to see me, though not so often as before. The last time he said beautiful things to me about trying to live a right life and being kind to those about me, and he asked me to forgive him if he had ever done anything to hurt me in any way. Of course I said he hadn't. And then he said he hoped I wouldn't feel too hard at him for marrying again and bringing those boys into my life. I told him it was all right, that some day they would grow up and go away and he and I would live together again! And he said some awful words about them under his breath. But he asked me to forgive him again and kissed me and went away.

"He was taken very sick when he got home, and they never let me know until he was dead. Of course I went home to the funeral, but I didn't stay; I couldn't. I went back to school alone. My stepmother had been very kind, but she said she knew it was my father's wish that I should finish my school year. When vacation came she was traveling for her health. She wrote me a beautiful letter telling me how she missed me, and how much she needed me now in her bereavement, and how she hoped another Summer would see us together; but she stayed abroad two years and the third year she went to California. I was sent to another school, and because I was not asked about it and there didn't seem anything else to do, I went. Every time I would suggest doing something else my stepmother would write and say how sorry she was she could not give her consent, but my father had left very explicit directions about me and she was only trying to carry out his wishes. She knew me well enough to be sure I would want to do anything he wished for me. And I did, of course."

Reyburn gave her a look of sympathy and getting up began to pace the little room.

CHAPTER XIV.

"It was not until last Spring that she sent for me to come home," went on Betty, "and was very effusive about how much she needed me and how she was so much better, and meant to be a real mother to me now, helping me see the world and have a good time. She took me from one Summer resort to another. Of course it was pleasant after having been shut up in school all those years, but she kept me close with her all the time, and I met only the people she chose to have me meet. All the time she kept talking about 'dear Herbert' and telling how wonderful he was and how he had grown to be such a dear boy.' Finally he arrived, and began the very first evening he was with us to coax me to marry him. At first he was very courteous and waited upon me whenever I stirred, and I almost thought his mother was right about his being changed. But when I told him that I did not love him and could not ever marry him I caught a look on his face like an angry snarl, and I heard him tell his mother I was a crazy little fool, and that he would break my neck for me after he got me good and married. Then his mother began to come to me and cry and tell me how dear Herbert was almost heartbroken, that he would never lift up his head again, and that I would send him to ruin. It was simply awful, and I didn't know how to endure it. I began to wonder where I could go. Of course I had never been brought up to do anything, so I could not very well expect to go out into the world and make my living."

"Didn't you have any money at all?" interrupted Reyburn suddenly.

"Oh, yes," she said, looking up as if she had just remembered his presence. "I had always plenty of spending money, but if I went away where they couldn't find me, why, of course I would have to give that up."

"Why, where did your money come from? Was it an allowance from your stepmother, or did your father leave it to you, or what?"

"I'm not just sure," said Betty with troubled brow. "I never really knew much about the money affairs. When I asked, they always put me off and said that I was too young to be bothered with business yet. I would be told about it when I came of age. My stepmother harped a great deal on keeping me young as long as possible. She said it was my father's wish that I should be relieved of all care until I came of age. But there were some trustees in Boston. I know that, because I had to write to them, about once or twice a year. My stepmother was most particular about that. I think they were old friends of my own mother, though I don't know when I learned that. Father told me once that mother had left me enough to keep me comfortably even without what he would leave me, so I'm sure I shall have enough to repay you if I could once get it."

"Don't worry about me!" he exclaimed. "It seems so terrible for you to have been alone in a situation like that! Wasn't there any one you could appeal to for help?"

"No, not any one whom I thought it would be right to tell. You see in a way it was my father's honor. She was his wife, and I'm sure he loved her—at least at first—and she really was very good to me, except when it was a question of her son."

"I'm afraid I can't agree with you there!" he said sternly. "I think she was a clever actress. But excuse me. Go on, please."

"At last, when things had got so bad that I thought I must run away somewhere, my stepmother came into my room one morning and locked the door. She had been weeping, and she looked very sweet and pitiful. She said she had something to tell me. She had tried not to have to do it, for she was afraid it would grieve me and might make me have hard feelings against my father. I told her rthat was impossible. Then she told me that my father on his deathbed had called her to him and told her that it was his wish that I should marry one of her sons, and he wanted her to tell me. He felt that he had wronged them by hating them for my sake and he felt that I could make it all right by marrying one of them. My stepmother said that when she saw how infatuated dear Herbert was with me she hoped that she would be spared having to tell me, but now that I was treating him so she felt bound to deliver the message. Then she handed me a paper which said, virtually the same thing which she had told me, and was signed by my father in his own handwriting."

(To be continued)

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes and the calluses, without soreness or irritation.

RECOGNIZE WORK OF REV. D. LISTER

Retiring Minister and Mrs. Lister Honored by Congregation

Rev. David Lister who with Mrs. Lister, will leave to-morrow for Nanaimo to assume his duties as minister of St. Andrew's Presbyterian Church, has received many expressions of appreciation from his Gordon Head congregation. One address reads:

"Dear Mr. and Mrs. Lister:—

It was almost with consternation that each of us heard the word passed round, a few weeks ago, that Mr. Lister was planning to leave us. It seemed like a bolt out of the blue sky, when we were all so happy, united and undivided in our endeavors to all pull together. This spirit being due to the able generalship of Mr. Lister and his unselfish efforts to give Gordon Head congregation a chance to make good, not one of us want to part with you, and we feel we are doing a very magnanimous thing by letting the Nanaimo church have you. Of course we realize that a man of your ability and unflinching standard for right at all times could not be kept among us long as broader opportunities of usefulness would come to you. Although we regret exceedingly your parting from us, we are all united in a wish for your future advancement in your church work. We present you with this fountain pen as a useful aid in your work and as a reminder of your small flock in Gordon Head to whom you gave such a helping hand.

"We also do not want to forget what a helper Mrs. Lister has been to you and to us. Although not among us as frequently as you, she also has won her own place in our hearts. We give her this cup and saucer and nosegay as a wish for a very useful and happy life in her new surroundings. Signed on behalf of the Woman's Auxiliary, Gordon Head, Florence M. McInnes Mitchell, president; Marie H. McNaughton, secretary, and Florence Gillies Campbell, treasurer."

Valedictory.

At the home of Colonel and Mrs. Scroggie a social gathering was held to bid Mr. and Mrs. Lister farewell. The meeting was convened by the choir and the officers of the church were also invited. The following address was read by Miss B. Williamson:

"Dear Mr. Lister:—

We the members of the choir of Gordon Head Presbyterian Church with at this informal gathering with the officers of our church to express to you and Mrs. Lister our sincere wishes for the success of your work in your new pastorate. To put into words our sorrow at your departure is beyond our power. We only express the feeling of every member of your congregation when we say we are as a flock of sheep having lost a loving and kindly shepherd. Those of us who under your wise guidance took our first communion in Gordon Head Church under your ministry, would like you to know that you will be remembered by us and that throughout our lives we will continue to be grateful to you, we all unite in expressing our gratitude to you for your unfailing appreciation of our share in your service and we are glad to have been so far co-workers with you. So that you and Mrs. Lister may remember us when surrounded by your new friends we would ask you to accept these small gifts, small indeed they are, but with them go many heartfelt wishes for the future happiness of you both. Signed E. Boorman, Margaret Ross Taylor, Alixena Williamson, Jean E. Dunnett, Rose Townsend, Edith Dunnett, George Williamson, Mary E. Clark, Ruby Williamson, Ruby Clark, Katty Dunnett, A. C. Macdonald, Margaret T. T. Taylor, Gordon Clark, Wm. Williamson, Minnie Williamson, Wm. Clark, Gordon Head, August 2, 1921."

FINE REPORTS OF PROTESTANT HOME

Many Donations Received During July; Children Entertained

Excellent reports of the Protestant Orphans' Home and its inmates were given at the meeting of the ladies' committee held in the home on Monday afternoon, with Mrs. McTavish, the president, in the chair.

The following members of the committee were present: Mesdames Scowcroft, Jenkinson, Hiscocks, Lang, Andrews, Brown, Spencer, Hammond, Fraser and Sherwood.

Children Entertained.

The matron reported that the institution was in fine condition, and that all the children were well. Four more kiddies were admitted during July. Mrs. Cassidy obtained permission from Mr. Rowland, Keatings, for the matron and sixteen children to pick strawberries for the Home. Kiwanians kindly conveyed the pickers to and from the ranch, and 150 pounds of the fruit was picked.

The children were the guests of the Police Sports' Committee at their recent field meet at the Willows, and greatly enjoyed the many good things which they received there. The Rotary Club took twelve boys to their annual picnic at Deep Bay.

Miss Mildred Page, of the Mildred Page Players, sent a ten-pound box of candy to the Home, and the chocolates were much enjoyed by the inmates. The orphans will be the guests of the Cordova Bay Recreation Club this afternoon at the annual regatta at Cordova Bay.

Many Donations.

The committee acknowledge with grateful thanks the following donations received during July:

Miss Page, 10-lb. box candy; Mr. Bond, fish; Five Rays Chapter, O.E.S., per Miss D. Love, Lake Hill P. O., $25; J. H. Monroe, green peas; Miss Gibson, children's garments; Mr. Rowland, Keatings, strawberries; Mrs. (Major) Humphries, clothing; Mrs. Glover, rhubarb; A. J. Morley, 100 pounds cherries; Mrs. Scott, 6 chickens; Mr. Stanbrook, bread; Victoria Summer School teachers, cake, sandwiches, vegetables; Mrs. Fortune, children's garments; Mr. Slade, 7 sks. potatoes; R. A. Brown, $10; Alexandra Rose Day, $138.26; A. Friend, $2.10; Congregational Sunday School, sandwiches, cake, milk; Oaklands Gospel Hall, cake, sandwiches; Miss Menzies, books; Mrs. A. McDumatt, home-made candy; A Friend, cake, sandwiches; Women's Auxiliary, Gordon Head, bread; A. Slade, crate strawberries; Mrs. McTavish, sack onions; Capt. C. Harris, books; A Friend, strawberries; Capt. Davies, pail strawberries; Cloverdale, 100 lbs. sugar; Mr. Sayward, raspberries and vegetables; Mrs. D. R. Kerr, strawberries; Kiwanis Club, cake, sandwiches; Mrs. Irvine, pail strawberries; Mrs. Fox, per Mrs. Cameron, strawberries; R. Moore, rhubarb; Mrs. W. Spencer, sandwiches; Dr. Bryant, Dr. Lewis Hall, Times, Colonist.

GARDEN FETE

The ladies of the Loyal True Blue Association will hold a garden fete on Wednesday next at Mrs. Gallaway's, 750 Gorge Road, West. The affair which promises to be a great success will be opened by F. A. Pauline, M.P.P., at 2.30 p.m.

There will be all kinds of attractions for the children such as the spinning jenny, dip barrel. Two local entertainers are providing a continuous performance in the Palace of Mystery. Afternoon teas will be served, also supper for those who care to stay over for the concert in the evening. The proceeds will go to provide warm bedding for their Orphanage in New Westminster. The public are asked to support the ladies.

Bring in That Old Piano

We will be pleased to take it in part payment for a new WILLIS and, in addition, give you very convenient terms on the new purchase.

Sensational Suzanne Tells of Her Training

French Tennis Star Goes to Bed Early, Drinks No Alcoholic Beverages and Skips a Lot to Develop Springiness on Her Feet

New York, Aug. 3.—Mlle. Suzanne Lenglen, the most famous tennis player in the world, will sail on Saturday for the United States, accompanied by A. R de Joannis, vice president of the French Lawn Tennis Federation, and members of the team that will represent France here. She will compete in the women's national championship at Forest Hills August 15, and at the mixed doubles championship in Boston, August 22.

In addition to her effort to wrest both titles from their American holders, the remarkable French girl will participate in a series of exhibition matches for the benefit of the American Committee for Devastated France arranged by the United States Lawn Tennis Association. In view of the splendid work this committee is doing in her own country, Mlle. Lenglen was delighted to cooperate and readily agreed to the suggestion of the committee's chairman, Miss Anne Morgan, that she appear at exhibitions for that fund.

Must Go Easy.

So many requests to have her play have been received by the national association, that only a small number of the desired dates can be granted. "The fact that she will probably play no more than ten matches, and that these must be distributed to accommodate widely separated parts of the United States, makes it impossible for her to appear in more than a limited number of engagements. It is no small test of endurance for a player to travel and play, day after day, and the schedule has to be arranged with that fact in mind," said Julian S. Myrick, president of the national association, in describing her plans. "Mlle. Lenglen has been the marvel of the European courts because of her consummate skill and her physical ability, but there is a limit to the strength of even the greatest players."

In this connection, Mlle. Lenglen's ideas about training are most interesting. Like her compatriot, Carpentier, she believes in shipping the rope, to develop agility and endurance. Swimming she also regards as a fine exercise. "My diet is quite normal," she says. "I drink no wine or alcoholic drinks of any kind and I go to bed early. Both morning and evening I go through various simple physical exercises to keep the body fit and the limbs supple. There is no better exercise, than skipping the rope for making one light and springy on the feet. Never keep on with your exercises until you feel tired. Physical fitness cannot be forced; it is a gradual growth."

Owing to an attack of bronchitis Mlle. Lenglen was forced to postpone her departure from France last Saturday.

JOE NORTH OFFERS TO HELP BIG GALA

Will Donate $100 and Take Poor Children to P.N.A. Meet; Help Wanted

Joe North, Police Commissioner, is anxious that the P. N. A. gala which is slated for the Gorge on Saturday, August 20, be held. The V. I. A. A. is experiencing some difficulty in financing the undertaking and Mr. North has come forward with the offer to donate $100 towards the expenses provided nine other men in the city do the same thing.

This morning W. H. Davies, of the V. I. A. A., received the following letter from Mr. North:

"I notice with much regret that your appeal to the City Council for a grant towards the expenses of staging the big Northwest swimming, diving and water polo championships in this city on August 20 has been turned down by one vote.

"There is not the slightest doubt in my mind that the holding of this big international sport meet here will be a big boost for the city. This is about the only sport that I know of in which we are ahead of Vancouver, Seattle and other Northwest cities, and I am of the opinion that your association and yourself deserve great credit for placing Victoria on the map in this regard.

"If there are nine other sportsmen in this city who will show their appreciation of your good work by subscribing $100 each, your estimated expenses of $1,000 should be raised without much difficulty, as I will be glad to donate $100 on the condition that you reserve a section of your seating accommodation for four hundred of Victoria's poor children, who would be my guests in the afternoon and evening of this big meet."

RUTH MUST POLE OUT HOMER TO-DAY OR DROP BEHIND HIS SCHEDULE

New York, Aug. 3.—Babe Ruth must make a home run to-day or he will fall a day behind his 1920 programme for the first time this season. On August 2, 1920, he made his 38th home run, and this year he equalled that total on August 1. Yesterday rain prevented him from trying to add another.

KNIGHTS WIN AND LEAVE LAST PLACE

Conservatives Unable to Stop Aggressive Youngsters Who Won Games by 10-7

Coleman Makes Sensational Catch; Politicians Now Repose in the Cellar

Amateur League Standing.

	P.	W.	L.	Pct.
Elks	10	7	3	.700
Yarrows	9	5	4	.556
Knights	12	5	7	.417
Conservatives	11	4	7	.364

The Knights of Columbus finished their baseball season for this year by handing the Conservatives a drubbing to the tune of 10 to 7 in a free hitting contest at the Stadium last night, shoving the Politicians into the cellar and safely entrenching themselves in third place.

Zaccarelli started on the mound for the Conservatives but was forced to retire in the second inning after the Knights had landed on him for four hits, including a double, which were converted into four runs. Taddie replaced him and held the Knights safe for the rest of the inning, but developed a wild streak in the third, passing two men and hitting another which, aided by a couple of timely bingles, netted Allan's crew two more runs.

A Great Catch and Play.

Coleman stopped a rally in the fourth by making a wonderful one-hand catch of Brynjolfson's drive and doubling Lalonde at first. This play being the finest seen in the Stadium this year.

The Knights got two more hits in the fifth but were unable to score. They went after Taddie with a vengeance in the sixth, converting four singles into four runs, bringing their total to ten and putting the game on ice.

Given went on the hill for the Knights but threw up the sponge after the third inning, the Conservatives gathering six hits and four runs off his offerings. Nobel took up the burden at the beginning of the fourth and held the Politicians to three runs during the rest of the game, darkness ending the battle in the seventh inning.

Hits, off Zaccarelli, 4 in 1 1-3 innings; off Taddie, 9 in 4 2-3 innings; off Givens, 6 in 3 innings; off Nobel, 5 in 4 innings. Umpire, McGregor.

VICTORIA QUOITERS DEFEATED NANAIMO

The quoiting match played at the Willows on Saturday between Nanaimo and Victoria resulted in a win for the local club by a majority of 14 shots.

Wild Scenes in Court Following Acquittal Of Baseball Players

Bailiffs Failed to Restore Order When Jury Cleared Former White Sox Players; Scene Resembled Bleachers at Ball Game; Judge Congratulates Defendants; End of Legal Fight.

Chicago, Aug. 3.—The seven former White Sox players and two alleged gamblers brought to trial in the baseball scandal case to-day stood legally cleared of any connection with the alleged conspiracy to throw the 1919 world's series to Cincinnati, a jury last night having acquitted them on the first ballot.

The verdict freeing Buck Weaver, Happy Felsch, Chick Gandil, Joe Jackson, Claude Williams, Charles Risberg and Eddie Cicotte—the former players—and Carl Zork, of St. Louis, and David Zeeiser, of Des Moines, was returned shortly before midnight amidst a scene of wild cheering, whistling, yelling from 500 spectators, which would have seemed more natural in the bleachers of a baseball park than in the dignified courtroom of Judge Friend.

Judge Let 'er Go.

Bailiffs vainly tried to establish order out of pandemonium. With chairs overturned and hats thrown in the air as the spectators rushed to shake hands with the ballplayers and the players rushed to grasp the hands of the jurors, Judge Friend finally motioned to his aides to let the demonstration go on and joined in by congratulating the defendants and telling the jury it had returned a just verdict.

While only nine of the eighteen persons indicted in the baseball investigation were defendants when the case ended, it is believed that the baseball scandal has been forever swept from the boards so far as the courts of Cook County are concerned.

Bill Burns case was dismissed in return for his evidence for the state, and during the trial the cases of Ben and Louis Levi, of Kokomo, Ind., were dropped.

Others May Go Too.

Abe Attell, Hal Case, Fred McMullen, Rachel Brown, of New York; J. J. Sullivan, of Boston, and Ben Franklin, of St. Louis, still are under indictment, but it was reported at the state's attorney's office to-ady that their cases would be allowed to lapse through the statute of limitations.

To-day the jurors expressed surprise that the case had been allowed to drag through five weeks. While refusing to permit use of their names, in discussing the case with reporters every juror declared that the defence would have received the same verdict had it sent the case to the jury without presenting any witnesses or making any closing arguments.

"We thought the state had presented a weak case," said one juror. "It depended entirely on Bill Burns, and Burns did not make a favorable impression with any of us. We felt from the time the state finished its evidence that we could not return any verdict other than not guilty."

The jurors refused to say whether in reaching their verdict they were of the opinion that there was no attempt to throw games in the 1919 world's series or whether it was based on the contention that the state had failed to prove its charges that there was intent to defraud the public and various individuals through the throwing of the series.

Ban Johnson Disappointed.

Chicago, Aug. 3.—Failure to secure convictions in the trial of the seven former White Sox players was disappointing to President Ban Johnson, of the American League, but he declared in a statement to-day that a "very good lesson had been taught."

"The trial of the indicted players and gamblers which closed yesterday uncovered the greatest crime it was possible to commit in baseball," President Johnson said. "The fact that the outfit was freed by a Cook County jury does not alter the conditions one iota or minimize the magnitude of the offence," he added.

Apply For Reinstatement.

Chicago, Aug. 3.—Of the players acquitted last night only "Buck" Weaver, former third baseman of the Chicago White Sox and "Swede" Risberg, former shortstop, indicated an immediate intention to apply for reinstatement.

Joe Jackson, slugging outfielder, said he was through with baseball and would devote his time to a store he has opened here.

"Chick" Gandil voiced a picturesque and forceful farewell to Ban Johnson, president of the American League. "Lefty" Williams, pitcher, said he would play semi-professional ball.

Eddie Cicotte, famous "shine ball" pitcher, said he had talked once in the criminal courts building and would not dare do so again, and "Happy" Felsch, centre field, reiterated his innocence, but announced no plans.

Chicago, Aug. 3.—Closing arguments by the defence in the baseball trial were finished yesterday.

The defence wound up its plea with a continuation of the attack on Ban Johnson, president of the American League, repeating the charges that brought about the 1919 baseball scandal inquiry and tried to ruin Charles A. Comiskey's Chicago team, aiding Cleveland to win the 1920 pennant.

Hot Language.

The defendant ball players characterized by Benedict Short, attorney for "Chick" Gandil, as "galley slaves of a modern Rome whose work brought wealth and fame to Johnson, the man who now was using them as a means of obtaining revenge on his enemy, Comiskey."

Bill Burns, the state's star witness, was termed a "modern Ananias" by Short, who also presented the 1919 world series batting and fielding averages as proof that the defendants played their best.

Mr. Short's address brought many objections from the state, particularly when he told the jury "it, the judge and the defence counsel were the only factors in this case not under Ban Johnson's thumb."

GIBBONS-RATNER BOUT SLATED FOR TO-MORROW

New York, Aug. 3.—The ten-round bout between Mike Gibbons, of St. Paul, and Augie Ratner, of New York, which was scheduled for last night in an open-air arena, has been postponed until Thursday night because of rain.

JAPANESE TENNIS STAR WINS GAME

Newport, R.I., Aug. 3.—Zenso Shimidzu, Japanese tennis star, defeated Wallace F. Johnson in straight sets in the feature match of the Casino tournament to-day. The score was 6-2, 8-6.

TORONTO RESPECTS LADYSMITH ELEVEN

Great Games Expected for Football Championship of Canada

Toronto, Aug. 3.—Toronto Scottish will have to play hard to maintain their undefeated record when they meet the Ladysmith club, soccer champions of British Columbia, in the first of a two-game series to-night for the Dominion soccer title.

The westerners arrived yesterday and look like a hardy lot. The outstanding feature of their game is their speed and combination, and as the locals like this style of play, the games will be well worth watching.

Both teams are at full strength, and the club officials report that the players are all fit for the games of their careers.

The second game will be played on Saturday.

The stranger laid down four aces and scooped in the pot. "This game ain't on the level," protested Sagebrush Sam, at the same time producing a gun to lend force to his accusation. "That ain't the hand I dealt ye!"

ANOTHER FOOTBALL TEAM TO PAY VISIT

Tour of Scots So Successful That Second Team Will Come Next Summer

Arrangements Now Are Practically Completed; President McNeill Speaks

Toronto, Aug. 3.—President Dan McNeill, in his address at the meeting of the Dominion Football Association last night outlined the expansion of the organization during his term of office in which period the associations in Alberta, Saskatchewan and Nova Scotia had become affiliated.

In speaking of the tour of the Scottish team, he said that it was very successful, although the trip to the United States was not a financial success. The D. F. A. had been involved in an outlay which it is expected they will recover from the Scottish Football Association soon.

The Scottish team were greatly pleased with their treatment on the trip, he said, and already arrangements had been practically completed for the visit of another prominent club next Summer.

A. AND N. CRICKETERS

A meeting of intending players for the Army and Navy elevens which will play in the cricket tournament will be held on Friday evening, August 5 at 8 o'clock in the Board Room, Hamley Building, in order to ascertain on what dates they will be able to play. A full attendance is requested.

Caps Open Series With Yakima Braves To-day

Manager Hansen and his crew of Capitals reached Yakima to-day to open up a six-game series with the Braves. A double-header is scheduled for this afternoon with another twin-decker set for Sunday with two other games sandwiched in on Friday and Saturday.

The Capitals are travelling fairly well just now although they are still reposing in the dark cellar regions. Last week the team came out of a slump, and took three games in a row, but evidently under-estimated the ability of the Tigers, who came right back and cracked the Caps for a trio.

The team is hitting hard. The recovery of Bankhead has meant a great deal to the squad. The outfield, according to the averages just released, is soaking the ball for .302. Bankhead and Engle are above the mark, while Shoots is hanging on four points below. This constitutes the best hitting outfield in the league.

Infield Not Hitting.

The infield is not stepping into the ball at any too fast a clip. Handley is up in the .309 class, but Messner, Patton and Dempsey could all do with a little boost. Dempsey is capable of hitting better, but does not seem to be able to get his eye in. Messner is always a dangerous hitter, and has had a lot of tough luck in dropping his smashes into the waiting hands of the outfielders.

The pitchers have all shown a big improvement, and with the team hitting behind them are capable of breaking through most defenses. Hansen, Wallace and Washington got by with wins last week, Thompson being the only member of the staff to fall down.

A Test This Week.

The Yakima series will be quite a test for the Capitals. It always is as a matter of fact. Whenever these clubs have met in Yakima both have gone on wild batting sprees, and most of the battles have been won by ninth-inning rallies by the Braves. The Yakima club has not been going any too well during the second half of the season, and is now riding in third place, just above the Capitals. Last year about this time these two rivals were going to it hammer and tongs in an effort to land the premier berth. Now they will be slugging away for the cellar position.

Next week Victoria will return home for ten games with Vancouver. The Beavers will open here on Wednesday next, and play until Saturday, returning again the following Wednesday for another five games.

After these games the Capitals will have but one more home series. On August 31 Tacoma will be here for five games with the club. On September 2 the Capitals will make their final appearance of the season, provided they do not win the second half of the schedule and then figure in the post-season series with Yakima.

FAVORED FOR CANADIAN FOOTBALL TITLE

LADYSMITH SOCCER TEAM —Photo by Regan & McMillan, Vancouver.

After showing splendid form in the various rounds the miners from the upper island find themselves in the finals for the Canadian Football championship. Two games will be played, the first being scheduled for this afternoon and the second for Saturday. The games will be played in Toronto and the Toronto Scottish will be the Westerners opponents. This is the first time that a British Columbia team has reached the finals and they are counted on lifting the title.

The figures in the photo are as follows: Back row left to right: A. Michie, manager; F. Gibbons, outside left; J. Douglas, reserve; J. Brown, left back; R. Wright, committee; D. Linn, right back; L. Dickie, reserve; W. Sheppard, Goal; A. McDonald, trainer; A. Battie, left back; G. Metro, committee; T. A. Spruston, president; A. Orr, trainer; A. Campbell, committee.

Centre row, left to right: T. Heyland, outside right; F. Strand, inside right; J. Orr, centre half; R. Srobbart, inside left; H. Herlinveaux, reserve.

Front row, left to right: A. Farley, right half; M. Davis, centre forward.

Tom Heyland is a Victoria boy, while Davies is the fleet centre who played here with the Carbonado eleven last Spring

Only Fleetest Ponies Coming Here for Races

Horsemen on Mainland Will Ship Strings to Victoria To-morrow—Meet at Willows, Opening Saturday, Promises to Be Best in History

Vancouver, B. C., Aug. 3.—With the running of the final card at Hastings Park this afternoon horsemen on the Lower Mainland are prepared to ship their strings to Victoria for the opening Summer meet of the season at the Willows on Saturday. Only the fastest horses now racing in Vancouver will be forwarded to the Capital as the management of the track has only a limited number of stalls available.

The forthcoming meet at the Willows promises to be the most successful in the history of racing on the Island and it is freely predicted that Victoria fans will support the sport this Summer equally as strong as the Lower Mainland.

Same Officials.

Herb Fullerton, who is here making final arrangements concerning the shipment of the ponies, stated this morning that the same officials who have been in the judges' box at practically every race meeting in British Columbia since horse racing was introduced in this part of the country, will again be in charge of the proceedings. T. J. Wellman and R. F. Leighton, who will officiate as presiding and associate judge respectfully, are equally as well known in Victoria as they are in their home town of Vancouver.

Mr. Wellman is ruling with an iron hand this season and as a result the racing has proved to be the most spectacular staged in the West. Nose and nose finishes occur daily and in quite a number of heats the public did not know the actual winner until the numbers were hung up on the board.

Totalizer a Feature.

Possibly the most outstanding feature of the season is the new totalizer. Victoria sportsmen will undoubtedly fall in line with all other supporters of the thoroughbred throughout the continent and endorse this new contrivance. It saves time and inconvenience and also enables the public to know the approximate odds of any horse they bet on. A huge board has already been constructed at the Willows and those fans who make the trip out to the track to-morrow will be able to obtain first hand information concerning it and will also be able to see some of the horses working out in preparation for the opening next Saturday.

GREAT BRITAIN WINS ANOTHER SIX-METRE YACHT RACE FOR U.S.

Cowes, Isle of Wight, Aug. 3.—Great Britain won the third of the series of international races for six-metre yachts sailed here to-day. The British yachts scored 21 points as against 15 for their United States competitors.

CANADIAN SCULLER AFTER U. S. HONORS

Martin Belyea Will Row at Buffalo Saturday Against Yankee Stars

St. Catharines, Ont., Aug. 3.—Milton A. Belyea, who won the Canadian national single scalls championships last Saturday at the Canadian Henley, is practicing hard for the international championship event at Buffalo next Saturday. He declares he will win the Buffalo race.

Experts have been making a careful study of the new champion's shell which was built by his brother, Harry.

Besides being a great oarsman, Belyea has for years been one of the fastest skaters in Eastern Canada and he is now proposing to try for a new three-mile skating record next Winter.

Mayor Invited.—Mayor Porter is in receipt of an invitation to attend the Caledonian Games which will be held in Vancouver on Saturday under the distinguished patronage of Hon. W. C. Nichol, Lieut.-Governor of British Columbia and under the auspices of St. Andrew's and Caledonian Society. Part of the United States fleet will be in Vancouver as the guests of the Society. Mayor Porter believes, however, that he will be unable to attend.

NEWS IN BRIEF

Band Concert.—On Thursday evening at 8 o'clock the Salvation Army band will give a musical programme at Beacon Hill Park.

◇ ◇ ◇

Basket Picnic.—The Royal Society of St. George basket picnic will be held next Saturday at Deep Bay. A good time is assured. There will be sports for all to enjoy, and prizes for the winners.

◇ ◇ ◇

Church Holds Picnic.—The annual picnic of the Esquimalt Catholic Church is to be held at Macauley Point on Saturday afternoon, commencing at 2.30 p.m.

◇ ◇ ◇

Naval G. W. V. A.—The regular fortnightly meeting of the Naval Branch of the Great War Veterans' Association will be held on Friday night at 8 o'clock, in the headquarters on Bastion Street.

◇ ◇ ◇

Will Hold Picnic.—Court Maple Leaf, A.O.F., will hold its annual picnic at Mount Douglas Park on August 10, starting from the A.O.F. hall at 1.30 p.m. The party will proceed with their friends in tally-hos to the scene of the picnic.

◇ ◇ ◇

High School Meeting.—The organization meeting of the Victoria High School Parent-Teachers' Association will be held in the Auditorium of the High School to-night at 8.30 o'clock. All parents, teachers and adults interested are requested to be present.

◇ ◇ ◇

Eastern Star Picnic.—Members of Queen City Chapter, No. 5, Order of the Eastern Star, are cordially invited to attend the annual basket picnic to be given by their sister chapter, Victoria Chapter, No. 17, O. E. S., on Saturday next, at Mount Douglas Park, starting from Carnegie Library at 1.30 p. m.

◇ ◇ ◇

Victoria Dramatic Society. — The first annual general meeting of the Victoria Dramatic and Operatic Society will be held in the Little Theatre, Oak Bay, to-night, commencing at 8.15. The president's report, the reading of the financial statement and the election of officers for the ensuing twelve months will constitute the main business of the evening.

◇ ◇ ◇

Excursion Postponed.—Officials of the Victoria Chamber of Commerce have been advised that the big Bellingham excursion to Victoria arranged for Monday, August 8, has been postponed and regrets are expressed that this has been found necessary.

◇ ◇ ◇

Won Dressed Doll.—Miss Betty Smith, granddaughter of Mrs. Heisterman, of Shasta Avenue, was the fortunate winner of the lovely doll dressed and presented by Mrs. J. R. Hartley to the Camosun Chapter, I. O. D. E., in connection with its recent fete at "Mount Adelaide." Miss Smith was the only one to guess the correct name of the doll, which was Barbara. The competition for the other doll dressed and given by Mrs. Henry Croft is still in progress.

◇ ◇ ◇

Shantymen's Mission.—The local branch of the B. C. and Alberta branch of the Shantymen's Christian Association held 100 meetings, visiting Presbyterian Church last evening when W. Lock and Chas. Bowen, of Vancouver, reported on the missionary work. During the last Spring the Association held 100 meeting, visiting 100 camps and over 200 isolated families in an area covering over 1,700 miles. The Association boat left Victoria to-day to resume its work on the coast.

◇ ◇ ◇

MOTORS CHUG ON ROAD TO MANDALAY

(Continued from page 1.)

Irrigation Schemes.

Vast irrigation schemes are under way in Burmah, the principal being that known as the Mandalay Canal scheme, which irrigates many thousands of acres of land. Rice is the crop of Burmah. Rice and teakwood form the chief export commodities of the country.

The administration in Burmah is fully cognizant of the need of good roads to give communication with the hinterland, says Sir Otway, and an important scheme of road construction is planned.

Automobile Invasion.

The automobile is becoming as familiar in Burmah as the bullock-cart. British and American makes of cars have invaded the country and it is not an uncommon sight for a Ford to be skimming over the "Road to Mandalay."

Climatic conditions on the upper levels of Burmah are excellent, says Sir Otway. "I would like nothing better than to reside in Burmah permanently," he said in explaining the advantages offered by the country in which he has spent most of his active career.

Native labor is employed in road construction. In discussing the native characteristics, Sir Otway stated that the Burmese are good workers when watched, but otherwise are inclined to be indolent.

The labor market in Burmah is being flooded by an invasion from the more densely populated districts of India, which in the opinion of Sir Otway, should be checked in the interests of the Burmese.

GOLDEN WEDDING CELEBRATION

The following account of a golden wedding celebration at Kirkcaldy, Scotland, will be of interest to local friends of the family: "Mr. and Mrs. John Cargill, 102 Dunnikier Road, celebrated their golden wedding on Friday evening last week in Anthony's Hotel. The worthy couple, who are both natives of Kirkcaldy, were married at Quality Street, Newtoun of Abbotshall, on 29th June, 1871, by the Rev. R. D. Brownlee, minister of Bethelfield U. P. Church. Mr. Cargill is an engineers' draughtsman, and retired from active work some years ago. He has been for a good many years a member of Kirkcaldy and Dysart Parish Council and also of Kirkcaldy Liberal Club. At the celebration last week Mr. T. B. Cargill, the eldest son, presided over a gathering of over forty relatives and friends, including five sons and two daughters. The Rev. D. James, Bethelfield Church, was also amongst those present, and messages of congratulation and good wishes were received from Mr. and Mrs. Henry Hutchison, South Africa; Mr. and Mrs. John Cargill, Victoria, British Columbia; and numerous other friends at home and abroad. An unusual feature of such a celebration was the presence of a couple who acted as "best man" and "best maid" at the wedding fifty years ago—viz., Mr. James Penton Cargill (brother of Mr. Cargill), West Hartlepool, and Mrs. George Henderson (sister of Mrs. Cargill), Gateshead-on-Tyne. A most enjoyable evening was spent, during which the Chairman, on behalf of the family, presented the esteemed couple with a well filled Treasury note wallet. Numerous other friends at home and abroad made suitable presentations to Mr. and Mrs. Cargill, and the heartiest congratulations were extended to them."

MORALITY BRANCH MAY BE CREATED

Police Commissioner Hall Explains Project

Commissioners Hall and North propose the inauguration of a morality branch of the Victoria Police Department for preventive work.

In announcing plans for the Morality Branch Dr. Hall denied emphatically reports that the new organization would not be under the supervision of the Chief of Police.

"If this plan is adopted the Morality Branch would be a separate police department just as the detective department is, but it will, like all departments, be under Chief Fry," Dr. Hall explained this morning.

Based largely on the Winnipeg system, Commissioner Hall outlined to The Times to-day the plan to be adopted as follows:

Prevention Better Than Cure.

"Believing in the principle that prevention of crime is a much more important social duty than the bringing of the criminal to justice, the city police commission is considering the establishing of a new department, to be called the Morality Department.

"This department will be entirely separate from the rest of the force, and will consist of a morality officer with the rank of inspector, who shall be answerable to the chief of police, and a police woman who will be answerable to the morality officer.

"This department will be held responsible for the suppression of crime resulting from immorality, and for the enforcement of laws relating to dance halls, cabarets, restaurants, cafes, moving picture shows, pool rooms, hotels and rooming houses. The motto of this department will be 'prevention and uplift.' It will keep an ever watchful eye upon certain questionable activities, and whenever a person of previously good character is seen associating with those of known questionable reputation he or she will be notified of the undesirableness of such company, and possible assistance be given to lead a better life and to become a useful member of society," says Dr Hall

Police Woman's Work.

"The duties of police woman will be restricted to women and children. She will be accessible at all times, for consultation by women with reference to matters that may be considered of a confidental nature; she will advise them in matters of conduct, and so far as possible be an agent in the guiding of women and girls aright, and thus be an active agent in the prevention of crime, as well as agent in its detection.

"All cases of women and girls who have been apprehended for crime will have the privilege of a consultation with her, immediately upon their arrest, and will have the privilege of consultation with any woman or girl who may be detained at any time she may see fit.

Daily Reports.

"She will make daily reports to her chief officer and co-operate with him in all such work that he considers her assistance necessary.

"Since much work of the police woman is necessarily of a more delicate and private nature than that of the policeman, she will be allowed an additional sum of $15 per month to pay for office accommodation and telephone, so that her work can be made more effective and successful."

Bernard Shaw's View.

Dr. Hall further states: "Believing with Bernard Shaw that the proper primary business of a policeman is to seize every hungry child and feed it, to collar every ragged child and clothe it, to hand every illiterate child over to those who will teach it how to read and write.

"If America canont see this, there is no future for America. And it is because she has been slow to see this that so much of her past is shameful and so much of her present miserable."

CONFERENCE CALLED ON CEMETERY MATTER

Meeting Will Be Held Tuesday Next to Complete Organization

A conference of the inter-municipal cemetery committee will be held in the City Hall next Tuesday afternoon at 4 o'clock, at which representatives of Victoria, Esquimalt, Oak Bay and Saanich will be in attendance.

This step was decided upon after a conversation between Mayor Porter and Reeve Drake of Oak Bay who has just returned from an extended automobile tour and whose council will meet Monday night to discuss just what Oak Bay is prepared to do in the matter.

The committee will proceed to further the organization of the Board of Cemetery Trustees authorized by legislation passed by the Legislature at its last sittings.

The City and Saanich have arrived at a basis of agreement and as Esquimalt at its last Council meeting, approved of the idea of a general meeting of all parties concerned, it is believed that Tuesday's conference will result in some satisfactory arrangement being reached.

As soon as the municipalities have decided on the personnel of the Board of Cemetery Trustees, the whole matter of an inter-municipal cemetery can be dealt with, the trustees alone having the power to select a site and prepare the details of its development and management.

Want Bathing Facilities.—Believing that the increasing use of the property made some such facilities necessary, the Strawberry Vale Women's Institute at its monthly meeting yesterday afternoon passed a resolution asking the Saanich Council to place bathing houses at Beaver Lake. The Institute also decided to ask the Saanich School Board to provide accommodation for the new pupils who wish to attend the Strawberry Vale School next term. It was stated that twenty-six additional children were known to be ready to go to the school. The Institute decided to hold its annual basket picnic at Deep Bay on August 10 for members and friends. Hot water will be supplied on the grounds.

Caruso's Voice Will Live Forever

IT is with regret that we announce the passing of Enrico Caruso, the world's greatest tenor. The remembrance of his wonderful voice will live for ever and his exclusive recordings on "His Master's Voice" Records will preserve for posterity this voice that has been called "the greatest that the world has ever known."

FIRST PRESBYTERIAN CHURCH SENDS CALL

Invites Rev. W. G. Wilson, of Moose Jaw, to Pastorate; Decision Unanimous

Rev. W. G. Wilson, St. Andrew's Presbyterian Church, Moose Jaw was unanimously selected last night to succeed Rev. J. G. Inkster, now of Toronto. At a largely attended meeting of the congregation the settlement committee's report was read together with the recommendation respecting the selection of a new pastor, and the report was at once adopted.

Walter Walker had no sooner read the report than Captain George McGregor moved and J. Fullerton seconded its adoption. Messrs. McGregor, Fullerton and James Forman will constitute a committee to represent the church at a special meeting of the Victoria Presbytery shortly to deal with the call, after which the call will go forward to the Moose Jaw Presbytery to be there dealt with.

Rev. W. L. McRae presided at the meeting, and Mr. McKeachie was the secretary. The twelve hundred members of the congregation will be asked to sign the call, and many did so last evening.

Captain McGregor suggested that provision should be made for Rev. Mr. Wilson's expenses of moving to Victoria should he accept the call, and a resolution was also passed agreeing to pay Rev. Mr. Wilson, if he accepts the call, the sum of $4,000 per annum. The church's estimated income is $13,000.

Mr. Wilson is one of three brothers who are in the ministry. A Canadian by birth and education, he received his ministerial training at Knox College, Toronto, and for some time has had charge of St. Andrew's Presbyterian Church, Moose Jaw, one of the largest of the congregations in the Prairie Provinces. Should he come to Victoria the church of which he has charge at present will enjoy the distinction of providing two of the principal Presbyterian pulpits here with ministers, Rev. D. Clay, of St. Andrew's Church, having come from the same congregation nearly thirty years ago.

$2500—FERNWOOD—Why continue to pay rent when the same money can be applied on the purchase of a home? Here is an attractive five-roomed bungalow, containing living room, arch to dining room, with open fireplace, two bedrooms with the bathroom connecting, clothes closets in each, kitchen and pantry. The interior of this house has been recently redecorated and is in dandy shape. Full size basement, small furnace; good garden with large and small fruits. Terms, $800 cash, assume a mortgage, balance $20 per month with interest at 7 per cent. Taxes are light.

$2300—MT. TOLMIE—Very snappy and charming home, of four rooms, contained in two lots. Has living room, built-in buffet, two bedrooms with closets, kitchen, pantry and room for bathroom, lovely garden laid out in shade trees, rose bushes, geraniums and all kinds of small fruits. Good outhouses. City water, electric light and phone. Close to car line. Liberal discount for cash.

IF YOU are in the market for a farm, improved or unimproved, it will be to your advantage to consult our listings. I keep a large and attractive selection.

MONEY TO LOAN IN LARGE OR SMALL SUMS.

HOUSES FOR SALE.

OAK BAY—Close to Oak Bay Avenue, 5 rooms, fully modern, open fireplace, beamed ceiling, full sized lot, good outbuildings. Snap for cash, $2,200.

LETTERS

CHEQUE FRAUDS.

To the Editor:—A suggestion recently appeared in the press that the authorities make issuing a cheque against no funds a criminal offence. This law, if passed, might be an excellent thing, as the offence is not generally practiced except by visitors from one European country alone, and therefore not as difficult to check as if it was common to all newcomers. Sufferers by this practice are many, and usually suffer in silence, because the amount lost is not large, and a prosecution a loss of time. I think most Canadians will think cheque artists should seek other employment.

JAMES GADSDEN.

CHURCH EXEMPTION FROM TAXES.

To the Editor:—The proposal by Rev. Dr. Clay that churches should forego any claims for reimbursement of taxes collected from them by the city, will doubtless appeal to all generous minds, and most of all, perhaps, to a much harassed and financially embarrassed City Council. It will also certainly find sympathetic response from members of the Baptist faith. Baptists, as is well-known, have always offered untiring opposition to exemption of the churches from taxation. We believe that Christian institutions of every description should stand in the light as shining examples to the whole world of just and honorable dealing between man and man, and between themselves and the rest of the community. We regard it as utterly unjust in a community where all sorts of faiths and no-faiths exist, to compel one man to pay taxes for the upkeep and dissemination of another man's religion. If the law requires that this shall be done, then we pronounce the law to be bad; and sooner or later such law must be amended. As Baptists, therefore, we can have no difficulty in supporting the Doctor's generous proposal, as to us it is not a matter of allowing the city to retain something which it has collected from us illegally, but which, according to every just conception of equity, it was our duty to pay.

Personally, I do not begrudge our friends of the Roman Catholic Church their jubilations over the Privy Council's verdict. Neither do I envy the frame of mind or the mental processes which enables them to praise God for being allowed to go scot free of what in the light of true equity is a legitimate debt which they owe to the community. There must, however, have been a hesitant note in the thanksgiving, for they must surely know that efforts will not be wanting to have the law amended so that this anachronism may be removed from the statute book at the earliest possible moment. Of this my friends, Rev. Dr. Clay and Rev. Father Wood, may feel assured.

Whilst heartily endorsing my friend's letter on the cancellation of taxes paid by the Churches, I would like respectfully to comment upon two assertions in his letter which could only have slipped out in the exuberance of his enthusiasm when writing his very generous offer. First, he says: "Now that the vexed problem of the taxation of Church sites has been settled by the Privy Council's decision." But has it been settled? In my opinion it has not. It will, however, be settled one day by an authority that is higher even than the Privy Council, and that is by the people themselves. Second, at the end of his letter my friend goes on to express his gratification that the "principle" of Church exemption has "now been established by the Privy Council." This must have been a slip. Dr. Clay knows as well as I do that the Privy Council has done nothing more than to give an interpretation of a law relating to the taxation of Churches as contained in the Statutes of B. C. It has certainly not established any "principle." As a matter of fact it is not within the power of the Privy Council or of any other Council to establish or disestablish principles. The "principle" of equity, of just dealing between man and man and between a Church and a community, may be honored by good laws or violated by bad ones, but established or disestablished it cannot be. The Privy Council has done many things in its day, and has delivered decisions that have wrought havoc upon many noble wigs, but it would blush with modesty to be told that it had established a "principle" when it had only cudgeled its honorable brains over the mystifications of British Columbia made laws.

WILLIAM STEVENSON.

Emmanuel Baptist Manse, Aug. 2, 1921.

$3675—OAK BAY, half block to car and on an ideal quiet street. SPORTING NEWS

TROVENGER CAPTURES CANADIAN GOLF TITLE

Detroit Player in Splendid Form Yesterday and Nosed Out Mike Brady

Toronto, Aug. 3.—W. H. Trovenger, of the Bloomfield Hill Country Club, Birmingham, Detroit, Mich., won the Canadian open golf championship at the Toronto Golf Club yesterday. He captured the title with a score of 293 for the 72 holes, just nosing out Mike Brady, of Detroit, who turned in a card of 296. Trovenger played magnificent golf throughout the day, finishing the morning round with 71 and took 73 for the afternoon play.

Bob Macdonald, Chicago, Monday's leader, took third place with a score of 298.

Leading Amateur.

An amateur, T. D. Armour, Edinburgh, Scotland, was fourth on the list with 299. He wins the gold medal presented by the Canadian Golf Association for the leading amateur score in the tournament.

J. Kirkwood, Australian, finished fifth, with a total of 301 for the two days' play.

Ideal golfing weather prevailed throughout the two sessions, and large galleries followed the play of Mike Brady, who up to the last moment was confidently expected to turn in the winning score.

At the close of the play George S. Lyon, vice-president of the Royal Canadian Golf Association, presented the prizes to the various winners.

The following were the scores of the Westerners:

	Yesterday	Today	Tl.
D. Black, Van.	161	157	318
E. H. Bannister, Win.	152	153	305
James Hulsh, Van.	168	172	330
James Pringle, Bran.	165	161	326

VANCOUVER RACING

Vancouver, Aug. 3.—Joe Underwood, a three-year-old gelding, ran away with the third race at Hastings Park yesterday and paid $54.50 for a $2 ticket. He has misbehaved at the post several times and generally lost favor with the backers. Results:

First race—Olive D. won; Valentine Lady, second; Little One, third.

Second race—Tillotson, won; Elsablo, second; Sam, third.

Third race—Joe Underwood, won; Bonnell, second; Quinan, third.

Fourth race—Nashotah, won; Eddie Trantor, second; Deckhand, third.

Fifth race—Bill Sparks won; Girt, second; George James, third.

Sixth race—Trills won; Stanley H., second; Carl Curn, third.

Seventh race—Miss Sedalia won; Doctor Samuel second; Miss Wells, third.

SWINERTON & MUSGRAVE,
640 Fort Street. Phone 491.

$5000—TEN AND HALF ACRES, situate on New West Saanich Road, near the Observatory. The land slopes to the south and is practically all cleared and good soil, fenced. It has a very attractive building site, commanding a good view of the Olympic range. A fifty-five-foot well has been drilled in the rock, striking a spring, assuring a good supply of pure water. It is only six miles from town, on a well paved road, and about a minute's walk from Goward Station on the B. C. Electric tramway. A very desirable place.

$150 CASH takes an excellent building lot on Heron Street, near the Uplands, close to car line and beach; short distance to new golf links; size of lot is 56x112 to lane. Water and sewer system on street.

MONEY TO LOAN.

SOME AMOUNTS to lend on mortgage. Must be improved real estate.

110 Belmont House, Victoria, B. C.

WITHIN THE ROPES

Los Angeles, Aug. 3.—Henry Castine, of Los Angeles, and Jimmy Dundee, of Oakland, fought a draw in the four-round main event at Vernon last night. Sal Carlo, a San Francisco boxer, outpointed Steve Dalton, of Los Angeles, in the semi-finals.

Seattle, Aug. 3.—George Simonich, Butte, welterweight, was given the referee's decision over Jimmie Storey, Seattle, here last night. The men went four four-rounds, and in the final session the Butte battler, catching Storey with a short right, floored him for the count of nine.

Harry Eagles, a California welterweight, won the decision over Soldier Woods, a local boxer.

Ted Snyder, of the Pacific fleet, knocked out Fred Kent, a local light heavyweight.

Owen Roberts, Seattle lightweight, knocked out Cecil Williams, Chicago negro, in the first round.

Johnny Lewis and Battling Orino, local welterweights, boxed a draw.

TWO JACKS' BILLIARDS

With the elimination of Lawrence by Province last night in the third round of the Two Jacks billiard handicap tournament, the semi-final round has now been reached, the draw for which is as follows: Murray (085) plays T. Renfrew (r100).

Small (scratch) plays Province (o30).

Last night's game was won easily by Province by over 40 points, high break for the game being 32 by the winner.

Entries are now being taken for the next handicap, which will be started right away.

WILSON AND DOWNEY MUST SETTLE TROUBLE

New York, Aug. 3.—The state boxing commission yesterday refused to permit Bryan Downey and Johnny Wilson, middleweight champion, to box in this state until they had settled by another bout the controversy which arose as a result of their recent contest in Cleveland when Wilson was awarded the referee's decision on a foul.

ROBERT S. DAY & SON, LTD.,
620 Fort Street.

$2100—SUBURBAN HOME BARGAIN. Almost 2 acres of good soil and a small, new cottage, close in; Mount Tolmie district; water and telephone; on good street, and bus service close at hand. Property must be sold. Price $2,100; $1,000 mortgage can remain.

$3000—FIVE-ROOM COTTAGE, On close in property, Blanshard Street, consisting of cottage, entirely modern, with full basement and furnace. The lot is 55x140, and the taxes are very reasonable. Easy terms.

$4000—TEN ROOMS, On Denman Street, with modern conveniences. The lot is 70x200. This house is handy to the street car. There are no local improvement taxes to pay. Quarter cash.

$4200—SEVEN-ROOM BUNGALOW, Which is modern and located on one of the best streets in Oak Bay. The house is up-to-date in every respect, and has a full basement and furnace. The lot is of good size and there is a garage. Terms can be arranged to suit purchaser.

B. C. LAND & INVESTMENT AGENCY, LIMITED,
922 Government Street. Phone 125

MARSHALL ALLEN HAD TROUBLE IN WINNING

Tacoma, Aug. 3.—All favorites survived the second round of play in the thirty-first annual Pacific Northwest tennis tournament here yesterday, although several stars were hard pressed by practically unknowns.

Marshall Allen, of Seattle, regarded as a probable winner, had trouble in disposing of Arthur Hurd, of the same city, but he won in straight sets, 6-4, 6-4.

One of the closest matches of the day gave Leonard Kolstad, Tacoma, a victory over V. Westwood, Vancouver, 8-6, 5-7, 7-5.

Carl Gardner, rving Weinstein and Charles Stickney, California entrants, had little trouble in winning. Will Ingraham, the Rhode Island star, won by default from John Proctor, Victoria.

Miss Mayme McDonald, of Seattle, who is expected to have easy sailing in her division, defeated Helen da Ponte, Tacoma, 6-0, 6-0.

Play in the doubles will be fairly under way to-morrow.

AMATEUR BASEBALL HEADS TO CONVENE

An important meeting of the board of directors of the Victoria Amateur Baseball League will be held at 600 Belmont House this evening at 7.45 o'clock. All clubs are requested to send one or more representatives as a new schedule for the balance of the season will be drafted.

PERMISSION REFUSED FOR ROPER-MISKE GO

Lansing, Mich., Aug. 3.—Governor Groesbeck to-day instructed the state boxing commission not to permit a ten-round bout between Captain Bob Roper and Billy Miske, scheduled to be held at Grand Rapids, August 12. He declared he did not believe the match would meet the strict requirements of the Michigan boxing law.

KINGSTON ST. TENNIS.

Play was continued yesterday in the scratch tournament of the Kingston Street Tennis Club when the following matches were decided:

Mixed Doubles.

Miss Rhodes and McArthur beat Miss E. Edwards and List, 7-5, 6-3.

Men's Doubles.

Witter and List beat McLaren and Col. Appleton, 6-2, 6-0.

Hall and McArthur beat Swayne and Robinson, 0-6, 6-3, 7-5.

Matches down for decision to-day are as follows:

4.30 p. m.—Miss Sowerby plays Mrs. Parkyn; Robinson plays List; Miss Parkyn and Swayne play Mrs. Shaw and Witter.

5.15 p. m.—Miss Leighton plays Miss Severs.

5.30 p. m.—Miss E. Edwards plays Miss N. Edwards.

6 p. m.—Miss Hunter and Miss Kidner play Misses E. and N. Edwards.

6.30 p. m.—Elworthy plays Cox.

SOLDIER LAND ENTRIES

During the period January 1 to June 30, this year, 2,183 homesteads and 714 soldier grant entries were recorded at Dominion land offices in Manitoba and Saskatchewan, representing 2,897 settlers and about half a million acres of land, principally in territory served by lines of the Canadian National Railways. The chief recording offices are Winnipeg and Dauphin in Manitoba, and Battleford, Swift Current, Hoose Jaw, Prince Albert and Saskatoon, in Saskatchewan.

For "The Rainbow," the new Alice Calhoun production now being filmed under the direction of Edward Jose, a mine with a horizontal tunnel instead of a shaft was wanted so that the opening would be on a level with the ground, to eliminate hoisting. In New Jersey, the company found six mines, five with shafts, and finally, one with a horisontal opening, exactly as described in the story. Then, after searching an entire section of New Jersey for mules for use in the picture, the location man, in riding back to New York, all but collided with a farmer driving a mule team. He promptly engaged the trio for important business.

She (halting by a looking glass)—"Excuse me a minute." He—"There would be but few mysteries in this world if people looked into everything as closely as a woman looks into a mirror."

SHIPPING NEWS FROM DAY TO DAY

EMPRESS OF JAPAN CROSSED OCEAN IN LESS THAN 12 DAYS

Ship Completed Her 153rd Voyage Last Night; 4,000 Bales of Silk

With Capt. A. V. R. Lovegrove, R. N. R., D. S. O., in command, the Canadian Pacific Ocean Services liner Empress of Japan, reached port about 7 o'clock last night, completing her 153rd voyage from Hong Kong, Shanghai, Nagasaki, Kobe and Yokohama.

Capt. Lovegrove has succeeded Capt. W. Dixon-Hopcraft, R. N. R., the latter having been transferred to the liner Empress of Russia.

The officer complement of the Japan now consists of: Capt. A. V. R. Lovegrove, commander; Capt. W. P. Sinclair, chief officer; D. G. R. Smith, chief engineer; J. Chisholm, purser; Dr. F. T. Troughton, ship's surgeon, and T. R. Alltree, chief steward.

The Empress of Japan brought in over one hundred first class passengers and 250 Asiatics in the steerage. Several saloon passengers and 46 Chinese disembarked here. The voyage of the liner across the Pacific was uneventful.

Fishermen Busy.

Capt. Lovegrove reported fishing operations in full swing off Swiftsure Bank. When the liner was entering the Straits she passed through a big fleet of fishing craft.

The Empress brought in a full cargo of general Oriental merchandise, including 4,000 bales of raw silk for shipment overland.

The Empress left at 8.30 p. m. for Vancouver.

SCOTTISH ARTIST IN SEARCH OF COLOR

E. A. Hornell, of Kirkcudbright, Impressed With Beauty of Japan

E. A. Hornell, an artist of Kirkcudbright, Kirkcudbrightshire, Scotland, who has been making a tour of the world seeking new subjects for his brush, was a passenger by the liner Empress of Japan, arriving here last night from the Orient.

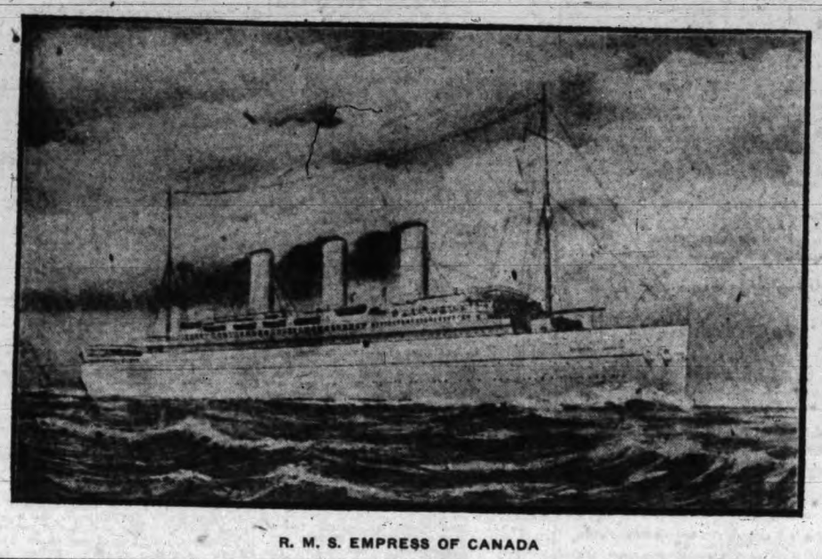
Mr. Hornell was greatly impressed with the beauties of Japan of which he painted a glowing verbal picture. The Scottish artist weilded his brush to artistic effect while in the Oriental countries and is returning to his native heath with a number of valuable sketches. Mr. Hornell has heard a great deal about Canada and he anticipates with pleasure his trip across this country. He is accompanied by Miss E. Hornell.

WEST IVAN ARRIVES.

The United States Shipping Board freighter West Ivan passed up to Vancouver to-day, inbound from the Orient.

The Admiral line steamship Queen sailed from San Francisco at 11.15 o'clock yesterday morning and is expected to reach here to-morrow night.

— ESTABLISHED 25-KNOT SPEED ON TRIALS —



R. M. S. EMPRESS OF CANADA

Empress of Canada Set Up 25 Knots On Speed Trials

Newest Addition to Canadian Pacific Fleet Will Be "Mauretania" of Pacific, Bringing Orient Within Eight or Less Days of This Coast.

The super-speed Queen of the Pacific Ocean will be the Canadian Pacific liner Empress of Canada.

On her official speed trials held recently on the Clyde the Empress of Canada set up and maintained the remarkable speed of 25.6 knots an hour. The Empress of Canada was built at the plant of the Fairfield Shipbuilding Company and is now being made ready for her maiden voyage to this coast to enter the service of the Canadian Pacific Railway Company between Vancouver, Victoria, Yokohama, Manila and Hongkong.

Fastest On Pacific.

The speed attained by the Canada on her trials has never been approached by any other ship built for the Pacific trade. The Empress of Russia and Empress of Asia registered 21 knots, and these fine ships are now reeling off 20 knots in negotiating the trans-Pacific passage.

The advent of the Russia and Asia brought the Orient within less than nine days of Victoria.

The Empress of Canada will bring the Orient within eight days of Victoria and if opened up will be able to do it in even less.

Soon Be Ready.

There is every indication now that the new liner Empress of Canada will be ready to set out from Liverpool for this coast before the end of the present year. Capt. S. Robinson, R. N. R., is now taking a holiday preparatory to proceeding to the United Kingdom to take over the new liner and bring her out here.

It was originally planned to dispatch the Canada from Liverpool last March, but the strike on the Clyde intervened and tied up numerous ships of large tonnage for an indefinite period.

With the Empress of Canada, the new Empress of China (Ex Tirpitz), the Empress of Russia and the Empress of Asia, the Canadian Pacific Company will have an incomparable fleet on this ocean.

SALVAGE SHIP IS RETURNING TO PORT

Survivors from S.S. Canadian Exporter Will Be Landed at This Port

All salvage gear has been recovered from the wreck of the Canadian Exporter and the Algerine is still standing by in the expectation of being able to save some of the ship's property, according to a wireless message received at the Pacific Salvage Company's offices here last night from Salvage Superintendent T. W. Allan. The Canadian Exporter is breaking up and as there is no possibility of saving anything but ship's equipment that might be sent afloat by the waves, it is expected that the salvage ship will leave the scene of the marine disaster to-day, bringing the Exporter's crew to this port.

All the members of the crew of the lost ship were taken aboard the Algerine when it was realized that the craft was beyond salvage and, in the opinion of the salvage officials, they will be brought to this port by the salvage ship.

A message received from North Head, Wash., stated that the U. S. lifesaving tug Snohomish would bring the Exporter's crew to Victoria, but this is considered unlikely in view of the fact that this is the home port of the Algerine. It is considered likely that the Algerine will arrive back here late to-day or to-morrow morning, it being about twelve hours steaming from Willapa Spit.

First Ship Lost.

The Canadian Exporter is the first ship of the Canadian Government Merchant Marine to be lost. The Canadian Recruit was ashore in the St. Lawrence, but was ultimately salved. The Canadian Exporter was the twelfth hull turned out by the Coughlan Shipyards at Vancouver, the firm having launched nineteen ships since the commencement of its programme. The Exporter cost $1,760,000 to build. When she sailed from Vancouver for Portland to complete cargo for the Orient the vessel carried 2,800,000 feet of lumber and some general cargo. The shippers include the following firms: H. R. McMillan & Co., A. M. Lester Company, Wilcox, Hayes & Co., Kategau Company, American Exporting Lumber Co., Northwest Trading Co., and others.

The ship is said to be well covered by insurance.

Capt. Bradley, D. S. O., who commanded the lost ship, has been in the C. G. M. M. service for a number of years, and is recognized as a skilful and careful navigator.

FINANCIAL TURMOIL STILLS HANDICAPS

Some Impressions of Business Man Here From Changsha, China

That China has not yet reached the depth of its troubles is the opinion of passengers from China who arrived on the Empress of Japan last evening.

Resident at Changsha, one of the largest of the cities of south-central China, F. G. Lownds, who arrived with his family, stated that oil and tobacco are the only two commodities which appeared not to have suffered in general trade throughout China. He is associated with a petroleum company, conducting an extensive business, and states that large American interests are doing well in central China. Changsha has a foreign white colony of over 200, who reside on an island in the river, although having no extra territorial jurisdiction like some of the older foreign settlements.

In the last two years, he told The Times, there have been three governors, and each disturbs the financial re-adjustment by issuing large sums of paper money, which have an absolutely artificial value, and of course depreciation follows, with the consequent dislocation of trade. He points out that with adverse exchange, foreign trade interests in China are considerably handicapped, and thus given little support from the central Peking government, the provinces are in a state of general disturbance.

Although escaping the terrible crop failure and consequent famine in north China the district around Changsha is suffering from a rice famine, owing to excessive export, brought about by an arbitrary poundage on exports, apparently the tax going to enrich a late administration.

On the return of Mr. and Mrs. Lownds to China it is not improbable that some of the family may be sent to British Columbia to be educated.

CANADA MAY BAR ENTRY OF AMERICAN FISHING VESSELS

Ban on Canadian Craft at American Ports May Force Retaliatory Measures

Vancouver, B. C., Aug. 3.—Fishing interests of this city foresee serious trouble ahead in connection with the cancellation of war legislation by the United States, which includes the right granted Canadian vessels during the war to use United States fishing ports equally with American fishing boats.

Canadian authorities are preparing to revert to the treaty of 1818, which forbids the United States fishing boats entry to Canadian ports. Such retaliation on the part of Canada would precipitate a commotion in Northern waters, where United States fishing boats supply a big percentage of the fish landed at Prince Rupert. In anticipation of Canada taking this step the fishing interests of Prince Rupert are trying to acquire more vessels under Canadian registry, and it is possible that the fishing boats flying the Stars and Stripes will be forced to carry all their fish to Seattle to ship to Eastern markets. These boats would be forced to take on ice at some Alaskan port and would then have to make the long sail to reach Puget Sound.

Recently American fishing boats have been plentiful in this port, as some of these fishermen preferred to bring their catches south rather than to land them at Prince Rupert, but the fish do not stand this long run well in comparison with the short haul to Prince Rupert.

The international difficulties attending the fishing industry between Canada and the United States date back to the treaty of London in 1818. By this treaty United States fishing vessels were excluded from Canadian ports except on the north shore of the Gulf of St. Lawrence, but they were allowed to go for water fuel or food. In 1888 the Canadian Government altered the regulations to permit American fishing vessels under sail and under license to enter Canadian ports for trans-shipment of fish.

The treaty of 1918 signed by the Canadian authorities, but which never received the signature of the United States, gave fishing vessels of both countries equal privileges in the part of the other. Both countries, however, agreed to this reciprocal condition as a war measure, and this has now been abrogated by the United States.

STEAMSHIP LINE TO SUBMIT BID FOR VESSELS IN DISPUTE

New York, Aug. 3.—The United States Mail Steamship Company announced last night that within a few days it would submit a formal bid for the purchase of the nine passenger liners which the United States Shipping Board seized several days ago, but which the company regained possession of by court injunctions.

GOVERNMENT STARTS ENQUIRY INTO CIVIC FINANCIAL PROBLEMS

(Continued from page 1.)

analyzed and tabulated. Suggestions as to the division of taxing powers and demands for the handing over of certain sources of taxation now utilized by the Province have been received from several of the municipal councils. These will be carefully scrutinized and the results which might be expected to follow the adoption of any of the proposed changes considered. Messrs. Oliver and Hart plan to make a comprehensive survey of the federal, provincial and municipal fields of taxation in this Province, and hope to arrive at a solution of the problem for report to the Legislature which will be definite and final.

No Need for Conference.

"So far as can be seen at present there will be no necessity to hear any deputations, as the views of the municipalities have been placed before the ministers very fully both in financial statements and memoranda recently submitted and in the representations made by municipal officials and citizens during the public hearings held throughout the province some months ago.

"Prof. Beckett, who is assisting in the investigation, is a first-class honor graduate of Queen's University, where he was a student while Dr. Adam Shortt, C. M. G., was professor of political science. Subsequently, through Dr. Shortt, he received the honor of a nomination to a fellowship in the University of Chicago. He specialized in public finance while a student and has continued to make that his particular department. When an assistant professor was required for the Department of Economics at the University of British Columbia his name was very strongly recommended and he secured the appointment. In that position his lectures have been chiefly on public finance and the principles of taxation. He possesses a thorough knowledge of the provincial and municipal systems of taxation in vogue in Canada, and also in other portions of the Empire and in the various states to the south."

SNOHOMISH WILL LAND SURVIVORS

American Cutter Due Early To-morrow With Number of Exporter's Crew

Latest word reaching here from the scene of the wreck of the steel steamship Canadian Exporter, now breaking up on the Willapa Spit, is to the effect that the first batch of survivors from the wreck will reach here at 6 o'clock to-morrow morning on board the United States steam cutter Snohomish.

The men will be landed at the Grand Trunk wharf. The remainder of the ships crew will come north on the Pacific Salvage Company's steamer Algerine, which is expected in port at noon to-morrow.

The Algerine is leaving the wreck at 5 o'clock this evening, and in the meantime an attempt is being made to board the wreck to remove, if possible, part of the ship's deck gear.

ORPHANS TO SEE BIG CIRCUS HERE

As a result of the enterprise of Police Commissioner Joseph North and the kindness of the owners of the show, children of the Protestant Orphans Home will see Christy Brothers' big animal exhibition here to-morrow afternoon.

When Mr. North heard that the show had arrived here it occurred to him that a circus is the average small boy's idea of Heaven and that the orphans do not get many opportunities to see ferocious animals. He went to the owners of the show and told them all about it with the result that the orphans were invited to come and see everything to-morrow.

IN MEMORIAM.

ROGERS—In loving memory of our dear wife and mother, who went to rest Aug. 2, 1920. Geo. Rogers and family.

HOTELMEN CHARGED FOR ALLEGED OFFENSE UNDER LIQUOR ACT

Many Cases Occupy Attention of Magistrate Jay

The first of what is believed to be a series of charges against some of the proprietors of bars and hotels in the city was called to-day in the City Police Court when Warren Carlisle and Harry Wooley were jointly charged with selling liquor in contravention of the Government Liquor Act. The two accused, proprietor and manager of the Manitoba Bar, were remanded one week for hearing, with the consent of Frank Higgins, K. C., who entered an appearance on their behalf. City Prosecutor Harrison stated that Wooley was the man who was wanted for the main evidence, as it will be alleged that it was Wooley who supplied the liquor alleged to have been given out, and who will be also alleged to have taken money for the liquor.

Low, otherwise Lock Chuey, and Loy, otherwise Toy Gong, were charged in the City Police Court today with contributing to a mutual act of gross indecency and remanded on bail of $1,000 each for hearing on Friday, both pleading not guilty, and electing trial before Magistrate Jay.

John C. Adams, charged with vagrancy, who yesterday was given a strong hint to leave town, was not to be found to-day and a warrant was issued for his arrest, if he should return.

H. Bird, charged with exceeding the speed limit on a motor cycle within the limits of the city, pleaded guilty and was fined $10.

Bird tendered extenuating circumstances to the court in explanation of his offence.

The Victoria Automobile Livery, charged with speeding, was remanded until Friday next, Frank Higgins, K. C., who is acting for the defence, agreeing.

James Leigh & Sons were fined $5 for operating a motor trailer without the requisite license.

Mr. Leigh, junior, stated that the trailer was on test and that the license was to be applied for immediately.

J. Fellows and Chew Chong were charged with selling cigarettes to minors.

The former pleaded guilty and was fined $10, while the latter was represented by another and ordered to appear in person later.

Lim Jung, who was charged with leaving a car standing on Government Street without the breaks on, was fined $10 with $2.50 costs. The court was told the Lim Jung car broke loose from its moorings and backed down the hill, climbing a sidewalk and crossing to within a few inches of an expensive plate glass window. The accused was fined and warned to be more careful of his runaway car in future.

COUNSEL HERE TO APPEAL JUDGMENT

(Continued from page 1.)

cerning which the Province may legislate. None of these specifically, or inferentially indicate that a province would be entitled to pass laws for the purpose of itself establishing a retail trade in any commodity. The nearest approach to such an authority might be permissible or necessary in a measure under No. 5, alloting to the province the management and sale of the public lands belonging to the province, and of the timber and wood thereon. Counsel for the applicant contends that this express power of management and sale as to provincial lands and timber strengthens the submission that a like power should not be held to exist under any other portions of Section 92 so as to include the subject covered by the Act in question. Further, that a decision to that effect, in favor of the province, would conflict with the provisions of No. 2 of Section 91 of the B. N. A. Act giving the Parliament of Canada exclusive legislative authority as to the regulation of trade and commerce.

"No Invasion."

"It is on the contrary," continued his lordship, "argued that there has been no invasion of the legislative field, that may be or has been, in any way occupied by the Dominion under any part of Section 91, and that authority is given to the Province to thus legislate under Nos. 10, 13 and 16 of Section 92.

"No. 10 deals with 'Local Works and Undertakings.' This number would not ordinarily be considered as applicable to the carrying on of the liquor business.

"No. 13 deals with the subject of 'Property and Civil Rights in the Province,' and may be considered in conjunction with No. 16, 'generally of matters of merely local or private nature in the Province.' With reference to the liquor act here in question both numbers might, with advantage, be utilized to support the legislation.

Right of Confiscation.

"The power of the local Legislature as to property is ample, even to the extent of confiscation. Does No. 13, coupled with No. 16, enable a local legislature not only to deprive other persons of the right to engage in a particular trade, but to appropriate such trade exclusively to the government of the province? It was stated by counsel that the B. C. Prohibition Act, containing provisions for government sales, under certain conditions, had been attacked unsuccessfully in the court on this ground. Assuming that the clauses in such act, as to sale, were considered, and that it was decided that they did not affect the validity of the act, I think there is a marked difference between the provisions under reasonable conditions in the Prohibition Act and those prescribed by the act in question.

In the latter act, generally speaking, the only restrictions on the sale and use of intoxicating liquor is the purchase of a permit, while the prohibition act purported to prevent the purchase of liquor save under exceptional circumstances."

Manitoba Case.

The effect of prohibition, indicated by the Manitoba prohibition act, was not considered a violation of the jurisdiction given to the dominion to regulate trade and commerce, stated Mr. Justice MacDonald.

"It is contended that in principle it makes no difference if, instead of prohibiting the sale of liquor, the province approves of and undertakes the sale of it, as being a matter of a merely local nature," he went on. Decisions, according to his lordship, established that such local undertakings if within the exclusive jurisdiction of the provincial legislature, was not the less so because it was essential for the success of the undertaking to exclude for a limited time the competition of rival dealers.

Within Jurisdiction.

The court concluded: "I have, in the manner indicated, considered the impugned legislation and, in view of the decisions which I have shortly outlined, concluded that the passage of the act in question was within the power of the local legislature and is valid. I think such legislation was of the local or private nature intended by Section 92 of the B. N. A. Act to be within the jurisdiction of the Province. The application for a writ of prohibition is therefore dismissed."

FINANCIAL NEWS

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Aug. 3.—With Canadian millers again in the market and some considerable export inquiry showing, cash wheat was firm to-day, the premiums hardening 2 cents. No. 1 Nor. was quoted at 39 cents, No. 2 Nor. at 24, and No. 3 Nor. at 22 cents over the October. With fairly liberal offerings a fair amount of trade was worked, indications pointing to farmers being satisfied to let go other grain which they have been holding for some months. There was also some transferring by New York exporters who were selling cash grain and buying the October.

Demand for cash oats was strong with light offerings, only a light volume of business being worked at unchanged spreads. Barley, rye and flax were dull, there being few offerings of barley to meet the demand that did exist. In the future markets trading in wheat was dull. After opening unchanged, October closed 2½ cents lower, with December 3¾ cents down from opening prices.

All the coarse grains were quoted unchanged to fractionally lower.

Inspections yesterday totalled 327 cars for all grains, of which 123 were contract wheat.

TERCENTENARY OF PENETANGUISHENE IS CELEBRATED

Penetanguishene, Ont., Aug. 3.—The celebration of the tercentenary of Penetanguishene yesterday included the unveiling of tablets and monuments to the pioneers, French and English, whose struggles, triumphs and defeats made Huronia one of the richest sections in the whole of Eastern Canada in point of historical associations.

The dedication of a magnificent statue to Pere Joseph Lecaron commemorated the landing of the first white man on the shores of Georgian Bay and the first white man to take up his residence in what is now known as Ontario. The life-sized bronze figure stands immediately in front of the Jesuit Memorial Church overlooking the harbor, where he made his landing.

TRAVEL CONGESTION IS INTERFERING WITH INQUIRY

Ottawa, Aug. 3.—It is unlikely that ex-Sergeant P. W. Domoney, who is being brought back from England in connection with the alleged exchange frauds, will be in Ottawa for examination for some time. A warrant for Domeny's extradition was issued and a Royal Canadian Mounted constable was sent over to London to bring him to Ottawa. However, the difficulty of securing immediate passage is retarding the return of the constable with his prisoner.

The inquiry into the alleged exchange frauds is to be re-opened in August before Commissioner Clarkson and it was thought that Domoney might be in Canada to be called at that hearing.

LEEDS LIBERALS TO CHOOSE MAN FOR BY-ELECTION

Brockville, Ont., Aug. 3.—The Leeds and Brockville Liberal Association has called a convention to be held here on August 23 to select a candidate to contest the riding at the by-election made necessary by the resignation of the last elected member, Sir Thomas White, F. F. Pardee, M. P., has been invited to address the convention. Under the act a by-election must be held in this riding before November 1.

Vancouver, Aug. 3.—The charges of theft against G. P. Grant and Alex Whyte, members of the defunct brokerage firm of Grant, Whyte & Co., Ltd., were again adjourned for a week in police court this morning. Fred T. Congdon, K. C., appeared for Grant and R. L. Maitland for Whyte.

Mr. Maitland, in asking for the adjournment, stated he was only just back from his holidays. He did not know whether the cases were or were not serious, but at any rate they were too serious to proceed with without any preparation.

ADVANCE CHECKED BY PROFIT TAKING

(By Burdick Brothers, Ltd.)

New York, Aug. 3.—The action of stock market prices to-day, particularly the exhibition of the rails, was, to say the least, gratifying to those entertaining the belief that the favorable developments in the general situation recently should be accorded more than the usual amount of recognition. The June earning exhibits of the important American railroads strongly indicates tha tthe turning point for the better in net revenue results has made its appearance. The wage reduction inaugurated by the carriers the first of July is a factor that should serve to further improve the net earnings power of the transportation companies and the full effect of deflation in commodities should also have its beneficial effects, because it lowers to a considerable extent operating costs. The Autumn crop movement in the Western country is going on in large volume with the result that the shares of companies like the Great Northern, Northern Pacific and Atchison and all other grain carrying roads are in more vigorous demand. A further inducement that increases the desire to purchase the old line investment issues grows out of the incentive promoted by the high return shown on investments made at current levels. Towards the close some sharp selling by longs taking profits caused the list to lose most of its early gains.

Saanich Police Court. — In the Saanich police court this afternoon, before Magistrate Jay, no less than eighteen cases were called, dealing, mainly, with offences under the street by-laws and motor act. Several drivers faced speeding charges, others for failure to have the requisite lights required, and some offenders were said to have broken municipal ordinances in respect to driving over sidewalks.

o o o

Dramatic Society. — The annual general meeting of the Victoria Dramatic and Operatic Society will be held this evening at 8.15 in the Little Theatre, Oak Bay. Business will include the president's report, the financial statement and election of officers. Members are particularly urged to attend this meeting.

DECREASED EXPORT CAUSES DECLINE

(By Burdick Brothers, Ltd.)

Chicago, Aug. 3.—The grain market displayed heaviness throughout to-day's session and a drop of three to three and a half cents was registered in wheat, due probably to the slow export demand reported that only about 50,000 bushels were being worked. There were also some reports of England reselling wheat, this having a sentimental effect on the market.

Very Acceptable Securities
We wish to explain the difference between Cash Income and Yield. The yield is the percentage a Bond returns to the holder provided it is held until maturity. This is always greater than the Cash Income unless the Bond is selling above par. We are giving in the list below the Cash Income per annum.

	Cash Income
United Kingdom of Great Britain and Ireland 5½%, due 1937, payable in New York	6.16%
French Government 7½%, due 1941, new New York Dollar issue	7.85%
Province of Ontario 15-year 6%, due 1935	6.12%
Lethbridge Irrigation 6%, guaranteed by Province of Alberta, due 1951	6.87%
Province of Saskatchewan 6% 15-year, due February, 1936	6.20%
City of Edmonton 7%, due 1941	7.05%

City of Trail 7% Gold Bonds
Due 1st March, 1941; Principal and Interest Payable in New York, Toronto and Trail.
Price 100 and Interest Yielding Over 7%
The City of Trail has a population of approximately 5,000 and is situated 12 miles north of the United States boundary and 40 miles southwest of Nelson. It is served by two railways and three banks, etc. Trail's chief industry is smelting, but fruit growing and mixed farming are carried on in the district. The plant of the Consolidated Mining and Smelting Co., Ltd. (a subsidiary of the C. P. R.) has one of the largest outputs of silver, lead and copper in Canada. The Municipality's financial statement is excellent.
In view of the above we unhesitatingly recommend these bonds for investment.
